

19TH YEAR. NO. 243

EAST LIVERPOOL, O., TUESDAY OCTOBER 14 1902

TWO CENTS.

## BUSY SESSION HELD BY CRIMINAL COURT

Over Two Score of Saloon Men Arraigned For  
Operating Slot Machines and Other  
Alleged Violations.

## EAST LIVERPOOL MEN ALL PUT UNDER BOND

A Salem Man Succeeded in Getting a Batch of Liquor Men  
In That City Indicted.

## SEVERAL LOCAL SELLERS WHO PLEADED GUILTY WERE FINED

Lisbon, October 14.—(Special).—There was much activity in criminal court yesterday afternoon, a large number of liquor and slot machine cases being disposed of. Some pleaded guilty and received their sentences while a number maintained innocence and were put under bond for their appearance.

A motion to quash a large number of the slot machine indictments, made by Attorney W. F. Lones, of Wellsville, included all the East Liverpool cases of this character, and the persons indicted were put under bond of \$200 each.

It seems that saloonists D. A. Devine and James Larkins, of East Liverpool, farmed out a large number of slot machines in the city, agreeing to stand by proprietors who accepted them in case the law was enforced. Attorney Lones is counsel for Devine and Larkins, and when the former was arraigned based his motion to quash on the ground that the par-

ticular kind of a slot machine used by his clients was not a gambling device. The court was ready to hear the argument in the case, but it was deferred and no time set.

The names of those indicted and who gave bond to answer for slot machines follow: I. N. Crable, John Michaels, Stella Mayer, D. A. Devine, John Oleson, Jacob Seitz, Ida Tucker, M. O'Malley, J. J. McFadden, R. E. Dorsey, C. Smith, G. W. Wells, Charles Hayden, C. L. Hineman, William Thompson, J. C. Owens, Terry Carman, James Walter, Joseph Vordran, Charles E. Bowers, Henry Hentzell, William M. Foutts, John Ecker, John Kountz, A. J. Kenny, J. H. Kenny, Robert Sodaker, J. C. Walsh, George H. Peary, Aaron Guthrie, Joseph Girard, William E. Morrow, William S. Dailey, M. J. Cloran, Frank Rigot, William Humble, Robert Spencer, Mrs. A. M. Hopkins, William Hopkins, James Larkins, all of East Liverpool; Her-

## LUTZ IS GIVEN THE DECISION

The Local Boxer Victorious in the Contest With  
"Buck" Steltzer Last Night.

Fully 100 local sports cheered Larry Lutz to victory in his bout with "Buck" Steltzer, of Columbus, at Beaver Falls last night. The contest was of 15 rounds and was won by Lutz in the last round on a foul after about two minutes of the hottest kind of boxing. Both men boxed cautiously all the way through, and with the exception of the fourth and fifteenth rounds the fight was rather tame.

In the fourth round Lutz was the

aggressor. He started in with determination, and seizing an opportunity landed a terrific blow on Steltzer's jaw knocking him to the floor. The lad from the Capital City recovered quickly, however, and when the gong sounded was fighting desperately.

In the fifteenth round both men threw caution to the winds and sailed in, each dead bent on landing a knock out blow. Once more Lutz landed a

YET STRIKERS OBJECT TO SOME  
PARTS OF ARBITRATION.

Convention of Miners to Discuss the  
Situation—Everything Quiet  
Today.

Wilkesbarre, Pa., October 14.—(Special).—Strikers object to some clauses of the offer to arbitrate. Three district presidents are on the way here. They will hold a conference immediately after their arrival. The situation, summed up briefly, is still mixed, but the outlook is hopeful.

President Mitchell stated at noon that no settlement can be made by officers of unions without the consent of the convention. The situation remains unchanged at the collieries, with every prospect of it remaining so while present plans of arbitration are under consideration. Soldiers were sent through the outlying territory as usual but found nothing to do.

## THOS. J. DUFFY'S DATES

For Campaign Speeches in Towns in  
Eighteenth District.

Lisbon, October 14.—(Special).—Charles Bonsall, of Salem, editor of the American Worker, the labor organ published there, was in Lisbon last night. Bonsall is working in the interest of T. J. Duffy, and came here to assist in forming an organization. An informal conference was held. It was not largely attended.

## SERIOUSLY CRUSHED IN AN ELEVATOR

Lawson Pasco, a Warehouseman,  
Badly Hurt at the Laughlin  
No. 3 Plant.

## CAUGHT IN THE GATEWAY

His Arm Was Broken And His Leg  
And Back Injured—A Very Narrow  
Escape From Instant Death — Re-  
covery Looked For.

What came near being a fatal accident occurred at the No. 3 plant of the Laughlin China company late last evening. Lawson Pasco, a warehouseman, was caught in the freight elevator and received injuries which will lay him up for several months.

Pasco, about 3 p. m., attempted to board the elevator just after it had started up from the first floor. He gained a footing on the floor of the elevator, but just then the gate of the gateway came down and caught him across the back. The elevator carried him up and the gate was holding him down. When the second floor was reached the gate was broken and the body of the man was rolled against the second floor. He soon broke loose and fell to the floor below, a distance of some 15 feet.

The body was picked up and placed on a stool and Dr. W. E. Mowen and Dr. O. M. Hendershott were summoned. The physicians made a hurried examination and ascertained that the man was badly injured and ordered his removal to his home. A message was sent to the patrol station, but as the wagon was at that time engaged, it was some time before the wagon arrived, in which Pasco was taken to his home in the Klondike district.

An examination of the injuries developed the fact that he was in a very bad condition. His left arm was broken just at the point where it entered the shoulder blade. His right leg was also cut in such a manner that it required 22 stitches to draw the wounds together. It was also ascertained that Pasco's hip and kidneys were injured and the physicians state that it will be some time before he can recover, if he is ever able to be about as usual again.

The attending physicians stated to-day that Pasco will recover, but it will require careful nursing and close attention to bring him through.

## MERCER WANTED HIM

John Goodwin, of This City, Received  
And Declined a Most Flat-  
tering Offer.

John Goodwin, the favorite of local baseball fans, has refused the offer of his life. Last Saturday he received a telegram from Win Mercer, asking him to come immediately to Cleveland, there to join the All-Americans in their trip through the west and stay with them during the winter tour in California.

Mercer wanted him to play the field with the team. Goodwin realized full well the opportunity, but decided to let it drop.

## Wedded by the 'Squire.

'Squire H. P. McCarron performed a very pretty wedding ceremony on the evening of October 11, when he united in marriage Miss Mary Russell and Wilson C. Bradford, both highly respected young people of the city. The bride was bright and winsome and the groom was all that a charming girl could desire. The 'squire prophesied a happy future for the couple.

## STONEMASON STRUCK BY HEAVY PIECE OF IRON

As the result of a terrible accident yesterday afternoon at about 3 o'clock Benjamin W. Hall, foreman of the stonemasons working on the new bridge being built in the West End by the Pennsylvania railroad company, is suffering intense pain and in an extremely critical condition at the home of Joseph Bucey, 451 Jethro street.

Mr. Hall was working on an elevated portion of the bridge, when a heavy piece of iron broke from a derrick that was overhanging him and struck him on the head and right side. Reeling backward the unfortunate man fell to the bottom of the gulley, a distance of twenty feet.

Members of the crew ran with all

## BROWN CONVICTED AND GIVEN 4 YEARS

East Liverpool Man Who Robbed  
Aged John Mack Tried  
and Sentenced.

## HIS RECORD AGAINST HIM

And Judge Hole Promptly Made His  
Sentence a Strong One—Salem  
Horse Thieves' Case Aired in Court  
Yesterday Afternoon.

Lisbon, October 14.—(Special).—The case of John Brown of East Liverpool, charged with robbing an old man named John Mack, in an alley near the Diamond in East Liverpool, was tried by a jury this morning.

The evidence showed that Brown, with a companion enticed the old man into an alley where they knocked him down and took his pocketbook containing \$6. Brown was seen coming out of the shed with the old man and immediately began to declare it was a shame for anyone to assault an old man.

The jury returned a verdict of guilty. Brown having once before served a term in the penitentiary, Judge Hole sentenced him for four years.

Robert and Philip Eckhart, both of Salem, charged respectively with stealing horse, buggy and harness, and assault and battery were brought into court this morning and permitted to change their pleas.

Roberts pleaded guilty as charged and was sentenced to the Mansfield reformatory where he must remain at least a year. Good behavior may secure his release after that before the limit of seven years has been served.

Roberts, with a companion, hired a horse and buggy last summer at F. E. McIntosh's livery stable in Salem to drive to Lisbon. Instead they went to Youngstown and finally to Huntingdon, Pa., where the turnout was sold. McIntosh advertised for his stolen property and this led to the arrest of Roberts.

Eckhart admitted his guilt as charged and was sentenced to 30 days in the county jail. Prosecutor Brookes stated to the court that the grand jury was reluctant to indict Eckhart because of the character of Harry McCartney, whom the defendant had assaulted and showed that there were extenuating circumstances. Eckhart promised to do better and the court made his sentence light.

In the case of James Ryan, of Salem, charged with shooting Edward Mackey, with intent to kill, Attorney George Farrell, counsel for the defendant, asked the court to issue a commission permitting the taking of Mackey's disposition on written interrogatories, Mackey being now in Pennsylvania. Prosecutor Brookes objected and insisted on the right to be present when the deposition was taken and to question Mackey orally. Judge Hole decided that the state must file written interrogatories.

The case will be heard next week.

## TAX IS LEGAL

Dow Tax Can Be Collected From  
Those Engaged in Unlawful  
Business.

Columbus, October 14.—(Special).—Pursuant to a request from Auditor of State Guilbert, Assistant Attorney General Todd formulated an opinion relative to the collection of the Dow tax from persons who sell liquor in violation of the laws regulating this traffic. The Cain law enacted last winter authorizes the employment of in-

## FIRST TRI-STATE FAIR OPENED HERE TODAY CONDITIONS FAVORABLE

Indications Considered Flattering for Good  
Races, Although the Weather is  
a Trifle Cold.

The first tri-state agricultural fair ever held in this city opened this morning at Columbian park under circumstances that were most encouraging. After the almost continuous rain of several days it was indeed a pleasant surprise to the management of the fair when the day started clear and cool, giving an assurance of an ideal fair week.

It was feared yesterday that the track would be slow, owing to so much rain but the cool wind that commenced stirring early last evening dried the soggy portions and a faster track could not be desired.

Until noon today bunches of horses arrived in the city from all directions. Those coming from points up the river had no difficulty in reaching the city but those from Steubenville encountered nothing but delay and trouble. Two carloads left Steubenville Saturday afternoon and did not get here until this morning. The owners of the horses were up in arms

but their kicks registered amounted to naught. The men who drove their horses through arrived Sunday and gained many points.

The men appointed as starters had their troubles in the 2:40 pacing race this afternoon. The track is so narrow that horses can only be started four abreast, and when the dozen left the wire it was very hard to tell whether or not the horses were started as scheduled.

The special features of the fair were enjoyed highly by the fair sized crowd which was in attendance. Cute, the driverless pacer, was the cynosure of all eyes. She has a mark of 2:05 1/4. The two dogs, Max and Rex, owned by Prof. Spoerhase, were also pleasing attractions. They drive two horses, Hummingbird and Nan Wilkes, at a 2:22 gait.

Special police kept good order at the park all day. They are old hands at the business and were imported

## BOARD PLAN FOR CITIES FAVORED

Code Conference Committee Finally Decides for  
It—Sudden Change of House.

Columbus, October 14.—(Special).—The code conference committee last evening decided in favor of the board plan of government for Ohio municipalities. The departments of public safety and public service have been merged and will be known as the board of public service and safety. It will consist of from three to five members, as council directs, to be elected by the people. It is a modification of the Nash plan, which provided for two boards.

The house declared for single elective head departments, but the conferees of this body weakened and were forced to adopt the compromise prepared by those of the premier body. The turn affairs took at the meeting was unexpected and has created astonishment. It was generally thought that the house committee would not waiver in its position in favor of one-man boards, and its complete capitulation to the senate committee has

taken the breath out of many of the members. The notion that they were irrevocably committed to the one-man plan was evidently a misapprehension.

The village code was taken up and disposed of. Village officers will serve two years. Then the proposition to unite the departments of public service and public safety was pushed through. This board will have unlimited powers. It will control every department, including water works, fire and police. Much of the code will have to be altered to make it conform to this radical change. Some sort of a merit system will be adopted. Council will have only legislative powers.

A resolution by Senator Archer to have one director of public safety in cities from 5,000 to 10,000, three in cities of 50,000 and five in other cities was defeated. The section regulating ticket brokers was taken out of the code. The governor was given power to remove mayors for cause.

## FIGHTERS ARRESTED

ENGAGED IN A LIVELY MATCH  
IN THE WEST END.

John Allison Gets Out of Jail And In  
Again—Other Arrests Last  
Night.

While engaged in a pummeling match in the West End early last evening Charley Reed and "Cripp" Cain were arrested by Officer Aufderheide. It is said that the pair made things lively a few minutes in that usually quiet section of the city. A charge of disorderly conduct by fighting was preferred against them by the arresting officer and they were allowed freedom on their promise to pay the mayor this evening.

Officer McDermott found Homer Thompson, of Chester, in a terrible state of intoxication in the smoky districts last evening. He is incarcerated in the city jail awaiting a hearing.

Charley Fletcher was so beastly drunk that it required Officers Aufderheide and Dawson to arrest him. The patrol was called and he was placed in durance.

Feeling so joyful over his release from the county jail where he had lain practically all summer awaiting action of the grand jury on his case, he being charged with horse stealing, John Allison took a few too many drinks yesterday and he now will have the pleasure of facing the mayor again. He was arrested by Officers Ruhe and Rose. A grocery delivery wagon was used in hauling him to the jail.

## VICTORY IN SIGHT

Candidate James Kennedy Confident  
Ohio Will Go Republican  
This Year.

The Republican candidate for congress, James Kennedy, of Youngstown, was in the city last evening. He reported the outlook for Republican victory in the district and in the state as most promising. There is no excuse for Republicans supporting any ticket but their own this year, and Ohio is Republican.

## Warned Out of Town.

Thomas Doty, who claims he is from Washington, D. C., was arrested yesterday at the Metropole hotel by Officer Elliott who entered a charge against him of being drunk and acting disorderly. Doty is charged with working "stamp graft." He succeeded in gathering in many stamps and postal cards on which he proposed to write home for funds then succeeded in exchanging them for drink. The mayor ordered him to leave town.

## WITH THE WORKMEN IN THE CLAY PLANTS

### OHIO GREATEST POTTERY STATE

The following census report on pottery will be of much interest to the potters of this city:

The number of firms from Ohio were 113; value, \$8,573,324; per cent. of total product, 43.30. New Jersey, number of firms reporting, 43; value, \$5,263,651; per cent. of total product, 26.59. Pennsylvania number of firms reporting, 17; value, \$1,390,873; per cent. of total product, 7.03. New York, number of firms reporting, 25; value, \$1,145,325; per cent. of product, 5.89. Illinois, number of firms reporting 29, value, \$776,773; per cent. of total product, 3.92. West Virginia, number of firms reporting 6; value, \$631,841; per cent. of total production, 3.19. Maryland, 8; \$436,617; 2.21. Indiana, 15; \$325,900; 1.65. Minnesota, 3; \$436,395; 1.48. Massachusetts, 18; \$238,724; 1.21. Kentucky, 10; \$131,497; .66. Texas, 24; \$87,464; .44. Missouri, 18; \$71,474; .36. Connecticut, 5; \$61,250; .31. Tennessee, 19; \$49,655; .25. Iowa, 7; \$36,589; .18. Michigan, 17; \$34,317; .17. Arkansas, 7; \$26,280; .13. California, 10; \$24,387; .12. Georgia, 25; \$24,382; .12. Alabama, 27; \$20,296; .10. North Carolina, 39; \$18,863; .10. Colorado, 3; \$17,944; .09. South Carolina, 13; \$17,633; .09. Oregon, 3; \$17,290; .09. Mississippi, 7; \$14,451; .07. Kansas, 3; \$14,061; .07. District of Columbia, 3; \$10,873; .06. Washington, 5; \$9,434; .05. Utah, 4; \$6,600; .03. Louisiana, 3; \$4,300; .02. Virginia, 6; \$3,110; .02. Total number of firms reporting, 561; value, \$19,798,570; per cent. of total product, 100.

Ohio continues to be the leading pottery producing state in the union, making all the varieties enumerated except bone china, etc. The values of its product in 1899 was \$6,996,045, or 40.56 per cent. of the total, and in 1900 its product was valued at \$8,573,323, or 43.30 per cent. of the total. The number of firm reporting in this state for 1899 was 118, while for 1900, 119 reported, 6 of which were idle. New Jersey is again second, with a product valued in 1900 at \$5,263,651, or 26.59 per cent. of the total, as compared with \$5,070,566, in 1899, or 29.39 per cent. of the total. The number of firms reporting in this state for 1900, was 45, of which two were idle. In 1899, 46 reported. New Jersey is the largest producer of sanitary ware, and was the first to introduce the solid porcelain bath tub, a branch of the trade which is growing rapidly. Ohio and New Jersey in each of the last three years produced 70 per cent. of the total products of the country.

Pennsylvania was third in each year, and Illinois fourth in 1899, while in 1900 New York was fourth and Illinois fifth, and West Virginia was sixth in both years. Briefly summarized, the report shows that Ohio produced over 43 per cent. of the pottery made in the United States in 1900; New Jersey and New Hampshire together over 26 per cent; Pennsylvania a little in ex-

cess of 7 per cent.; New York, including the electrical supplies made in Indiana, and the china made in Ohio, nearly 6 per cent, and Illinois slightly less than 4 per cent. The balance is scattered among the other states, none exceeding 3 per cent.

### MANUFACTURERS PLEASD.

No class of manufacturers along the Ohio river were more pleased to note the sudden rising in that beautiful and mammoth stream than the manufacturing potters of this city. To them it means more than can easily be imagined. For months ware had been piling up in local warehouses, packing sheds and shipping points, owing to the inability to get service by railroads. The wharfbow was today packed to its full capacity with ware and it will all be shipped to points down the river just as soon as the boats arrive. In figuring on how much of the local product is shipped by river the majority fail to conceive that all of the ware is not shipped simply to towns along the waterway. Hundreds of casks find a stopping place at the river town, but twice the number are simply transported to some extensive shipping point, Cincinnati or Louisville, for instance. From those points it is shipped by railroad to towns and cities all over the world. Captain Gus Martindill, of the wharfbow, states that East Liverpool manufacturers ship more goods by river than are shipped from any other city of its size between Pittsburg and Cairo. Captain Martindill has his boat in readiness to accommodate the shippers and anticipates no difficulty in supplying boats for the demand. Men who live practically on what they can make by rousting at a wharfbow find the local boat a harvest. They get paid as high as 60 cents an hour for their work, the price paid depending altogether on the rush required in getting the freight aboard. Casks are generally heavy laden with ware and the roustabouts complain of the strenuous work necessary, but are well satisfied to do it at the rate of sixty cents.

### WANT IT UNIONIZED.

The Trent Tile company, of Trenton, last week received a notice from the National Tile Pavers' union, demanding that its plant be unionized. In case of failure to comply with the request of the union, the notice says that its members will be instructed to refuse to handle the product of the local concern, which, in other words, means placing the company on the unfair list. There is another demand, which, in the opinion of the heads of the company, is, from a financial point of view, of more importance than placing the shop on a union basis. The demand is that the company follow out the custom in vogue among other tile pavers in New York and other large cities, who receive their tile arranged ac-

cording to their design on paper. The paper after the tile is arranged in the shop, is laid over the surface with a thin coating of shellac. This enables the pavers to lay the tile on the cement base in squares. After the tile is laid the paper is removed, thus doing away with the old system of placing each tile separately. There are about 200 girls employed at the shop and about 100 male employees.

### WORK RUSHING AT DRESDEN.

Since the commencement of operations at the Dresden pottery it is said that business was never more rushing nor ever in a more flourishing condition than at present. It is stated that last week there was more ware packed and shipped than in any other week in the history of the plant. Yesterday a full carload was shipped to Oklahoma and orders are on hand that will keep the packers busy until the holidays. The men of this department worked until 9 o'clock every night last week and expect to continue working overtime for several weeks.

### SECRET DIED WITH HIM.

William P. Brookes, whose death occurred at Toronto Friday night, was the possessor of a secret formula for making an oil which is used in all the decorating departments of the potteries. The oil was made and shipped by Mr. Brookes to wholesale potters' supply houses. From there the oil was distributed all over the country. While it is said, no pottery used any great quantity of the oil in a year, the secret of its manufacture and its superior qualities made it quite valuable.

### COOPERS ARE SCARCE.

A scarcity of coopers is becoming quite apparent among the potteries. Owing to the daily increase in shipments it is absolutely necessary that coopers put in steady time and then it is being found that enough barrels for the warehousemen can not be supplied. It is said that one cooper shop is idle for the reason that men of that trade cannot be secured.

### POTTERS AT PRIZE FIGHT.

Among the big crowd of East Liverpool people who attended the fight at Beaver Falls last night there was a large contingent of pottery workers. The majority of them laid off early to get ready for the trip. Lutz was championed by all and no bets were made.

### RESIGNED HIS POSITION.

Arthur Lowe has resigned his position as straw boy at Cartwright's and accepted a similar position at the Dresden.

### RECOVERED FROM ILLNESS.

Columbus Rigby, after a three weeks' illness, has returned to his work at the Standard. He is a kiln hand.

### MRS. EVANS' SAD CASE

Continues to Roam the Street And to Beg That Her Child Be Restored to Her.

Mrs. Eva Evans, the deserted wife continues her seemingly aimless roaming around through the streets, and attention to her is attracted from all sides. She is worrying the police and justices of the peace almost into distraction by her continuous stories and appeals for help in getting back her baby, which, it is said, is in the hands of people far more able to give it proper attention than she would be. A physician who attended the sick child avers that Mrs. Evans did not give her baby the necessary attention and says this is the cause of its sickness.

The bereaved woman is thought to have become demented as the result of worrying over her loved one, and it is contended that she should be tried by a lunacy court. Satisfactory word has not been received from her relatives or friends at West Newton, Pa., to whom she applied for assistance and now she implores money for her transportation to Pittsburg, where she thinks she can gain admittance to a hospital for herself and children. She states that she does not want to see her husband again, but will do all within her power to locate him if the county authorities so desire.

### THAT DOG MUST DIE

OR ITS OWNER WILL SUFFER A  
SUIT FOR DAMAGES.

Statement Made on Authority of Jus-  
tice McCarron—Policemen For-  
bidden By Owner to Kill It.

That dog which, judging from the attacks which it has made on pedestrians which have traveled Market street, is undoubtedly possessed of rabies, will be either killed in the next few days or it is said damage suits will be instituted against the owner. The police at central station state that the brute belongs to Cyrus Green, who lives in the alley between Fourth and Fifth streets. Not more than two weeks ago the vicious animal made an attack upon little John Carter, and last week it flew at Henry Williams, the collector of Chester.

An officer was instructed to kill the dog the next day after Carter was bitten, but the proper steps were not taken and last week after it again showed madness, officers were once more detailed to do the work. Officers Mahoney and Aufderheide went to do as bid, but met with an abrupt refusal by the owner. The officers state that when they appeared at Green's home and informed him what they were there for that he said: "Oh! I have concluded not to let the dog be killed."

Both officers acknowledge fear of the dog and were not disposed to go in and attempt to use force upon the animal. Not only the officers, but the people in general are very much worked up over the case and there will undoubtedly be something doing if the animal is not dispatched. It is said that it positively is unlawful for a man to harbor a mad dog, even if he has it chained in a manner making it impossible for it to make an attack upon any one.

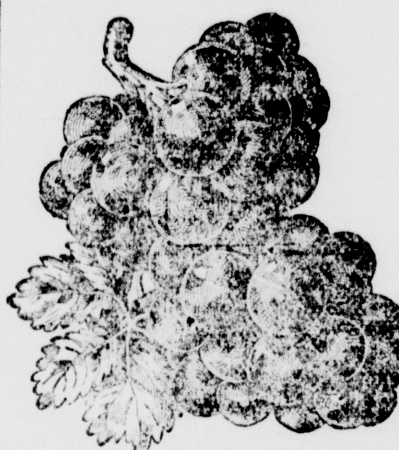

Squire McCarron stated last evening that unless the dog is immediately killed Mrs. Carter, mother of the young lad that was bitten, will institute a suit for damages. The squire is confident that the suit will be well based and, like many others, is unable to conceive why a man should persist in keeping such an animal.

## PIN YOUR ENEMY TO ENK'S TO PROLONG HUMAN LIFE

Albert Matthews, Ph. D., assistant professor of Physiology Chemistry in the University of Chicago, in summing up the practical results of the discoveries of Prof. Jacques Enk and himself, says: "There is apparently no inherent reason why a man should die, except our ignorance of the conditions governing the reaction going on in his protoplasm."

When Dr. Joseph Enk, nine years ago, reached this conclusion as the result of scientific pathological experiments, he did not desire to run the risk of being considered a mad man or a fool, and kept his opinion to himself. But in preparing the Enk Preparations for the cure of disease, the startling facts which he had uncovered were incorporated in the theory upon which the remedies are based.

The possibility of prolonging the life of the cells has become a certainty, and the substances which will accomplish this best are known to Dr. Enk; also, the secret of presenting them in a form acceptable to the human body, which is most important.

The people who use Enk Preparations for their ailments have no need for other medicines, and even now we can insure longevity and good health.

Research into the problem of life is going on in the Enk laboratory and is rapidly dissolving the clouds which cover this most momentous question.

For information about the Enk Preparations, write for our booklets or obtain them of your druggist.

## BEST PAYING ROAD

River Division of the Pennsylvania the Best Branch of the Whole System.

That the Cleveland & Pittsburg railroad, especially the river division, is the best paying branch of the extensive Pennsylvania systems, is evidenced by the fact that in the last report of General Manager Starr to the directors of the company the statement was made that the receipts were more extensive from this branch, in proportion, than any other road in the system. There is an immense amount of traffic being handled on this road at present, and there is not a day but what all passenger trains running into Bellaire from the east are from 30 minutes to three hours late.

No other cause other than heavy freight traffic can be assigned to the delays of the passenger trains on this division of the Pennsylvania system. Extending through a territory that is thickly settled with manufacturing properties, all of which are working to their capacity, nothing else is to be expected. This road receives all the freight made for shipment along the river from a point east of Steubenville and extending as far east as Rochester. It is the only road in those parts and of course freight traffic must be heavy from this cause.

## COUNTY AND NEIGHBORHOOD

Rev. George Whitacre, now in London, has cabled that the claims of the Whitacre heirs in this country to an English fortune are practically sure of winning.

A. W. Stevenson leaves tonight for Morgantown, W. Va., to play in a match game of foot ball between the alumni and the 'varsity' team of the University of West Virginia in a few days.

The next meeting of the eastern Ohio Teachers' association will be held at Marietta on Friday and Saturday after Thanksgiving, November 28 and 29. Cambridge will ask for next year's meeting.

The B. & O. Railroad company will pay over to Belmont county the sum of \$15,000 due on back taxes for its Bellaire bridge approach. The matter has been contested for a long time, but an agreement with the commissioners was reached last week.

Ran a Ten Penny Nail Through His Hand.

While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally afterwards. To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by Alvin H. Bulger.

### Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

At last there is good news in relation to the miners' strike. The energetic and diligent efforts of the president, his cabinet and other advisers, to bring about an arbitration of existing differences between operators and men, have borne fruit, and a commission of five is to be chosen to arrange the terms of settlement. While the negotiations are pending the strikers are to return to work. If, as now seems possible, the proposition reluctantly wrested from the operators, results in putting an early end to the costly and calamitous struggle the whole country, along with the mining interests of Pennsylvania, will have abundant cause for rejoicing. Had not the tide of prosperity been unusually high in the country generally the effect of the strike would have been paralyzing to business. As it is, a situation which might have been avoided by a disposition on the part of the mine owners to be fair with their men and to have some regard for the interests of the public, has long since become intolerable and must end sooner or later. If it shall end amicably, in an agreement by which, as suggested, the mining scale will not be disturbed for the next three years, the country will owe a debt of gratitude to President Roosevelt for his conservative, patriotic and fair minded efforts to promote such a happy outcome. While it is doubtful if the present proposition brings about a complete understanding, it is an encouraging indication and therefore a matter for public congratulation.

Candidate James Kennedy, of Youngstown, makes new friends wherever he goes, meanwhile retaining an army of old ones. Even the Democratic organs of the district are compelled to admit that he will be the next congressman from the old Eighteenth, and strangely enough they have not a word of fault to find with him. Mr. Kennedy will make a congressman who will be a credit to his district and to his state. He should be given a majority that will announce to the country with convincing eloquence that this section of Ohio has no use for single-taxers or free traders and declines to trust the adherents of those theories to make laws for the nation.

The government is about to wage war on the hyacinths in the St. John's river and tributaries in Florida. For years this pest has been increasing in the river, at times completely closing up navigation on the upper St. John's. The hyacinths would pack so closely that the most powerful steamer could

not force its way through the plants and at times in the upper part of the river the plants would be packed so closely that people could cross the river on the plants. Scores of creeks are now closed to navigation on account of the hyacinths, causing much loss to loggers and millmen. The flowers are pretty but the logs are useful, and so the hyacinths are to be killed by spraying them with poison.

The old fashioned college course is good enough for Chancellor Day, of the University of Syracuse. In a recent interview he said: "There is no hurry for young men to get into what is called 'life work.' The first work of a college is to make brains. We must take time to do it. Years are not the most important things. Power is worth more than years. We want less technical and professional nobodies and a good, broad educational basis."

Boston has a "professional fitting school for women." The college starts off with 125 students. The department of household economics has registered 52. For secretarial work 42 have registered and 22 for library work, the rest for special lines. There is a field for education along all these lines, and it will be surprising if the new institution does not prosper.

The argument that most affected the coal operators was doubtless the steady stream of cash their coffers were missing.

## OBITUARY

Mrs. Ella Kagly.

Mrs. Ella Kagly, aged 84 years, one of the oldest and best known residents of Alliance, died at the home of her daughter-in-law, Mrs. Frank Johnson, in Alliance yesterday. She was born in Beaver county, Pa., and for a number of years was a resident of Lisbon. She was well known in this part of Columbiana county, and had a number of relatives in this vicinity. The funeral services will be held Thursday afternoon from the late home on Arch street, Alliance.

Mrs. Robert Walters.

Mrs. Robert Walters, aged 46 years, died at her home in Lisbon yesterday after a long illness. She was a resident of East Liverpool until last year. Her husband was engaged in the livery business on Third street. Mrs. Walters had been an invalid for a number of years. The funeral services will be held this afternoon and a number of persons from this city will be in attendance.

John J. Lindesmith.

Lisbon, October 14.—(Special).—Relatives have been notified of the death of John J. Lindesmith, at Pomona, Cal., October 3. Mr. Lindesmith was 45 years old and a son of the late D. H. Lindesmith, of Dunganon. He had lived in California 15 years.

Ray Putnam.

Ray Putnam, the young son of Archie Putnam, of the East End, died this morning at 5 o'clock of scarlet fever.

## VETERANS' REUNION

A Large Gathering of the Survivors of the Third Infantry Meeting Today.

The members of the Third Ohio Voluntary Infantry residing in all parts of the state gathered at the Wellsville reunion. About 100 members came in from other cities and assembled at the G. A. R. hall on Main street.

A banquet was enjoyed at 1:30 at the home of G. B. Aten, on Front street, who is a member of the company. A meeting was held in the afternoon and another will be held this evening at the hall. The reunion is an annual occasion, but has not been observed here about for a number of years.

## CLERKS' UNION MEETING

Probably That Terms With Merchants Will Soon Be Arranged.

Retail clerks' union No. 133 will hold its regular meeting this evening, and it is expected that something definite will be decided upon with reference to the agreement between that organization and the merchants of the city.

It is not thought that the disagreement between the two forces will be long continued, as both sides have declared their willingness to confer. When they get together, which will probably be some time during the present week, settlement is probable.

pretty one about his opponent's head and once more Stelzer went sprawling to the floor. He recovered in time to save being counted out, and realizing that it was then or never for him to make a show Stelzer bounded into the fight like a tiger. Lutz was the more composed of the two, and got the decision on that point. Stelzer paid little heed to where he was directing blows and upon landing three in the pit of Lutz's stomach was declared the loser of the fight by Referee Jack Howarth.

The fight took place in the Nonpareil Athletic club rooms and was witnessed by an immense crowd. Betting was not indulged in to any extent. The locals who were present are confident that Lutz will knock Stelzer out if given another chance.

## FRIENDS AND VISITORS

Mrs. Hannah Wyllie was a Pittsburg visitor yesterday.

Mrs. Fred Koerber went to Pittsburg last evening for a short visit with friends.

Thomas J. Duffy will open his campaign for congress at a meeting to be held in Sebring tomorrow evening.

Tipton Queen, a veterinary surgeon of Salineville, was at the East End race track yesterday afternoon on business.

W. L. Taylor returned home from Atlantic City yesterday, having been called there on business. Mrs. Taylor and the children will remain some time longer.

Mrs. J. W. Speare, nee Miss Anna Ryan, of Wellsville, was a guest at the home of her uncle, J. W. Geon, over Sunday. She left today for Pittsburg, where she is making her home.

## AT THE THEATER

A large house greeted the company playing "When We Were Twenty-One" at the Grand last evening. Some delay was occasioned by the non-arrival of Mr. Allen, the leading actor, until 9 p. m. He had been delayed en route, having spent Sunday with his mother who is ill at Columbus. Mr. Allen is a most capable actor and is supported by a strong company. The play is wholesome and entertaining and was admirably staged and excellently presented.

"York State Folks" is a pure and wholesome play and one that will appeal to theatre-goers and non-theatre-goers alike. It is so clean and restful that those who see it once, want to see it again; it is a play that grows on one the more one sees it, the more and more they will like it.

"York State Folks" with its original cast and stage accessories will be presented at the Grand tonight.

"A pleasing performance by a competent company of the best written comedies seen this season, was the 'Missouri Girl' at the Third avenue theatre last night."—New York Daily Telegram. The play will be presented at the Grand Wednesday evening by the same cast, the scenery and stage settings being even better than the New York production.

Augustus Thomas' excellent play, "Arizona" returns to East Liverpool with a proud record of having played longer in New York city during the past year than any other dramatic production. "Arizona" is one of the brightest, most interesting and most wholesome plays ever written by an American author. Its return engagement at the Grand opera house is Friday night, October 17.

## 'TIS TRUE

The Proof Lies in East Liverpool Testimony.

It is not hard to prove the claims made for Doan's Kidney Pills. Scores of people in East Liverpool testify to their merit. Surely the evidence from friends and neighbors, plain statements of their experience, is better proof than the testimony of people residing in some far-away place. Read the following:

Mr. William Torrence, fireman at engine house No. 1 says: "For some time I was annoyed with symptoms of either weakened or over-excited kidneys. I had noticed more than one recommendation made by people living in East Liverpool about Doan's Kidney Pills, and thinking that if the medicine performed half what it promised it might help me, I bought a box at Larkins' Drug Store. The treatment cured me."

## BUSY SESSION HELD BY CRIMINAL COURT

(Continued from First Page.)

man Schubert and Lewis Pahner, of Salineville.

Troublesome Philip Eckhart, of Salem, now in jail for assault and battery, was the cause of nine Salem saloonists and bartenders being stranded in the drag net for selling liquor to habitual drunkards.

Each of the nine pleaded guilty to each of two counts for selling to an habitual. The fines were \$20 and costs on each of the two counts.

Those fined are Charles Holton, William Schimmerhorn, Onie Rutter, Joseph Shiver, George Shiner, Frank Moss, Howey Howalt, Henry Bergmann and Morris Waggle. It is said that thirteen in all were indicted because of Eckhart.

Samuel Brubaker, of Wellsville, pleaded guilty to having a slot machine and schemes of chance in his establishment. He was fined \$50, with the 10 day's jail feature, which is part of the penalty, suspended during good behavior.

James Degnan, of Leetonia, pleaded guilty to having sold liquor to two Columbiana minors. He was fined \$30 and costs on each of the three counts.

William Gallagher, of Salineville, was fined \$50 and costs on each of three slot machine counts, with jail sentence suspended.

James Gallagher, also of Salineville, drew a like penalty on the same charge.

William H. Thompson and Charles Parker, of East Liverpool, waived an arraignment on slot machine charges, and gave bond for \$200 each.

I. N. Grable and John Short, of East Liverpool waived arraignment on liquor charges, and were put under \$200 each.

Pat Fitzpatrick, of Wellsville, waived arraignment for selling to minors, and was put under \$200 bond.

George Tobin, of Salineville, was fined \$50 and costs for keeping slot machines. The 10 day sentence was suspended.

John Schlep and Ezra Hoffmeister, of East Palestine, each gave bond of \$200 for his appearance to answer for violation of the Beal local option law.

"Toughy" Walters, of East Liverpool, charged with selling to a habitual drunkard gave bond for \$200.

Solomon Erbstein, of East Liverpool, was fined \$25 and costs on one count for selling to an habitual drunkard, and two counts were nolle.

William Hopkins, of East Liverpool, gave bond for \$200 for his appearance to answer for selling to an habitual.

Frank Rigot, of East Liverpool, gave bond for \$200 for his appearance for selling to minors.

Robert Solaker, of East Liverpool, waived arraignment for 17 liquor and slot machine indictments, and gave bond for \$300.

Thomas Whalen, of Salineville, who did not remove his slot machine when notified, was fined \$50 and costs on each of two counts with jail sentence suspended.

James Madden, of Wellsville, waived arraignment on twenty-three indictments for selling to minors and habituals and was put under bond of \$100.

Robert Spencer and William Humble of East Liverpool, were each put under bond for \$200 for selling to minors.

Louis Pahner, of Salineville, and James Nelson, of Wellsville, gave \$200 each as bond for selling to habituals.

William Ryan, of Columbiana, gave bond of \$200 to answer for Beal law violations.

Robert Maxwell, of East Liverpool, pleaded guilty to one charge of selling to minors and five for selling to habituals. On the first charge he drew \$25 and costs and 10 days in jail and on the other five \$20 and costs in each case.

Liverpool, got \$20 and costs on each of two counts for selling to habituals.

When this list of law breakers were disposed of five jail prisoners were ushered into the court room, Philip Eckhart, of Salem, pleaded not guilty to a charge of assault and battery.

James Raach, of St. Clair township, pleaded not guilty to a charge of non-support of his three minor children.

William Roberts, of Salem, pleaded not guilty to the theft of a horse, buggy and harness.

Mary Starke, of East Liverpool, pleaded not guilty to a charge of burglary.

John Flickinger, of Columbiana, pleaded guilty to furnishing liquor to a minor. He was fined \$25 and costs, and stands committed.

The other cases will probably all be heard next week.

## AS TO SLOT MACHINES

Prosecutor Shields, of Columbus, Says Operators Cannot Be Prosecuted.

The crusade against the operation of slot machines of Columbus has been interrupted temporarily by a communication made to Acting Police Chief Kelly by Prosecutor Shields, in which the latter says the operators of such machines cannot be prosecuted under the laws of Ohio. The opinion rendered by the prosecutor is based on a decision made by Police Judge Lucders, of Cincinnati. The letter follows:

"Replying to your request for an opinion as to the legality of the card penny-in-the-slot machine, I desire to say that after a careful examination of the question I have reached the conclusion that while there may be an element of gambling in their operation, yet the owners thereof could not be successfully prosecuted, and in my opinion they cannot be prohibited."

I base my opinion on the decision of Police Judge Lucders, of Cincinnati, which was rendered on January 21, 1902. In passing on the case Judge Lucders said: "They are used

in the same capacity by these defendants that large mercantile establishments use traveling salesmen."

"The machines are silent salesmen, by which owners sell more merchandise than they otherwise would, so the machines indirectly benefit hundreds who are given employment in the manufacturing of cigars, etc. Slot machines which are fair, having the card combinations which afford the players all of the possible opportunities for winning shall not be prosecuted."

### RELAYING THE RAILS

Manager Healy Takes Action in Obedience to Orders of Council.

Manager L. W. Healy, of the East Liverpool railway, has taken action toward laying the rails in the center of the street on Liverpool street, a matter which he was given 15 days in which to attend to at a meeting of council held on the 3d of this month.

The laying of this stretch of track on the street mentioned with girder rails, which are especially constructed to pave to, has held up Contractor Freshwater, who has the contract for paving the street and he cannot therefore be held responsible for not proceeding with the work.

Councilman Henderson has been endeavoring at every council meeting for the past two months to get this paving work started and his efforts are now beginning to tell. The rails which are being carried to Liverpool street by the street railway company are the balance left on Clark avenue which will not be needed there for probably a month or so.

The new rails which Mr. Healy has ordered from the Lorain Steel company, most of which will be required to finish the track on Liverpool street, will not arrive before the 17th or 18th of the month. The work of paving Liverpool street will probably be started in two or three days, or as soon as enough rails have been laid to warrant commencing.

### NO NEW CASES

And the Two Smallpox Patients Are Reported Recovering Very Rapidly.

There are now only two houses in the city which are under quarantine for smallpox, the Gamble and Bright residences, where a patient in each house has had an attack of the disease. All of those who were exposed to the Gamble case and quarantined were freed last Friday, while those who were exposed to the other case, among whom are Mayor Fogo and family, were allowed out yesterday for the first time, the 17 days of quarantine required by the state board of health having expired.

Both of the patients are now getting along nice, and it is thought that they will soon be able to be about again. No new cases have been reported, and it is believed that nothing more will be heard of the disease in this city.

### THROWN FROM WAGON

Congo Boy Badly Hurt in Runaway Accident at Wells-ville.

Charles Crease, who drives a garden truck wagon for his father, James Crease, of Conzo, this morning was thrown from his wagon in the West End by a runaway horse and dragged for several feet.

When the boy was picked up it was found that his hip bone had become dislocated and he was seriously bruised upon the head. One leg was also badly cut. He was at once removed to Dr. Robinson's office and later taken to his home in Conzo.

### Piano Club Formed.

The piano pupils of Mrs. McCareh have organized a piano club and will hold private recitals each month, the first to be held at the home of Henry Kampman, on Liverpool street, on the 27th inst. Miss Helen Bailey, of Broadway, will be the vocal soloist. This club is to be run on the same order as the Tuesday Musical club, of Pittsburg. It will hold its first public recital some time in November.

### No Quorum Present.

For a second time within the last month the board of education failed to get together Monday evening, there being no quorum. Only White, McKenzie and Henderson were present. There will now be no meeting until the 27th inst. All of the bills which have been coming in since the last meeting will have to be held over until then and the matter of tuition cannot be disposed of.

### Funeral of Mrs. Clark.

The funeral of Mrs. Rev. Charles E. Clark was held at 2 o'clock this afternoon from the First Methodist Episcopal church, which was crowded to

### Brass Thieves Fined.

Frank Buckeno, an Italian employed at the roundhouse of the C. & P. railroad, who was arrested yesterday morning by Detective Moore in company with his brother, Joe Buckeno, charged with stealing brass and other material from the railroad, was fined \$14.85. His brother was fined \$10 and costs.

### Kennedy Will Speak.

All arrangements have been made for the "On to Cairo" meeting to be held at city hall tonight. Attorney James Kennedy, of Youngstown, Republican candidate for congress from this district, will address the meeting, and the event is looked forward to with pleasant anticipation.

### TEACHERS' READING CIRCLE

Organized at Holliday's Cove for Teachers of Butler And Cross Creek Districts.

A teachers' reading circle has been organized at Holliday's Cove for the teachers of Butler and Cross Creek districts. The West Virginia teachers' reading course has been adopted and 25 of the required books purchased. J. M. Miller, principal of the Holliday's Cove high school, formerly of Chester, is chairman of the circle. The next meeting will be held at 2:30 o'clock Saturday, October 18, in the Holliday's Cove school building, after which meetings will be held regularly every two weeks throughout the school year.

The first two chapters of White's "Art of Teaching" and the first 100 pages of Spark's "Expansion of the American People" will be discussed at the next meeting. The teachers are all very enthusiastic over the organization of the circle, which promises to be very successful.

### AN UNCANNY RECORD

House Where the Baker Murder Occurred Is Being Moved to New Location.

The McWha house, where the Baker murder was perpetrated, is being moved across the school grounds to a three-cornered lot belonging to Mr. Lee. "Squire Lee, who has purchased the property, will erect a fine residence on the site of the old house.

The building is being moved has a rather uncanny record. The six families who have occupied it since the murder was committed have all suffered some dire misfortune. It is now impossible to find a tenant for it, though houses for rent are very scarce in Holliday's Cove.

### NEARLY DROWNED

Frank Hart Had Narrow Escape While After Logs in the River.

While drifting for logs yesterday afternoon Frank Hart, of Chester, came near being drowned. While he was making fast to a square timber, in some way it turned over with him and he was plunged head first into the river.

Aid was at hand, however, and he was shortly pulled out. He appeared none the worse from his cold bath this morning.

### Flag Presentation.

The Jr. O. U. A. M., of New Cumberland, will present the Holliday's Cove school a large flag and bible Saturday, October 18. An excellent program is being prepared and every one connected with the Cove schools is much pleased with the interest taken in them by the Juniors. The Chester lodge will probably attend the presentation ceremonies, as it is deeply interested in the public schools, having presented the Chester schools a flag and bible last year.

### Locating a Wild Cat Well.

Murray & Miller, prominent oil men, who opened the rich Carson field near Fairview, are having a rig put up preparatory to drilling on the farm of William Cable, about three miles from Holliday's Cove. That section has never been tested for oil, but men who have been successful in locating oil fields say that Murray & Miller could not have selected better territory for wild catting.

from Steubenville. Several from the city were also sworn in today.

The agricultural displays were not as many as were expected but this is no fault of the management. They have offered prizes and solicited patronage and are only too willing to make good their agreement. Several herds of fine cattle and sheep were on exhibition, but further than that the displays amounted to little.

It is predicted that commencing tomorrow there will be an immense crowd present during the remaining days of the fair. Large bodies are expected from Steubenville, Wells-ville and points up the river. Local lovers of horse racing will be present to a man and the fair will no doubt be a financial success.

Following are the names of the horses together with their owners that are scheduled to race this afternoon:

Gentleman's road race, purse \$25.—Mac Tell, s. s. owner J. H. ### HE HAS HAD ENOUGH

Justice McCarron Will Hear No More of the McConnell-Waters Feud.

Mrs. Jennie Waters, bound over from Squire McCarron's court last week in the sum of \$300 on a charge of libel preferred against her by a neighbor, Mrs. McConnell, the particulars of which were given exclusively in the News Review, is making an attempt to have Mrs. McConnell bound over on a similar charge. Yesterday Mr. Waters, husband of the accused woman, appeared before Squire McCarron and stated that his wife was very anxious to prosecute Mrs. McConnell, and that he would give an order on his wages to secure the costs.

The squire would not stand for any such doings and advised the man to seek justice elsewhere. Mrs. Waters alleges that Mrs. McConnell openly accused her of being drunk in a house on Broadway.

## ENCOURAGE LICENSE SYSTEM.

Resolution Adopted at Meeting of the  
National Association, in Philadel-  
phia—Taylor University Trustees  
Authorized to Elect a President.

Philadelphia, Oct. 14.—The intro-  
duction of a resolution by the com-  
mittee on temperance urging the  
members of the National Association  
of Local Preachers of the Methodist  
Church "to separate themselves from  
all organizations and influences that  
aid or encourage the license system,"  
provoked a prolonged discussion at  
yesterday's session of the forty-eighth  
annual meeting of the association,  
now being held here.

Several delegates offered the reso-  
lution on the ground that it was an  
attempt to influence the convention  
in favor of the prohibition party, to  
the detriment of the Republican  
party. The suggestion of politics was  
repudiated by the supporters of the  
resolution, and it was adopted.

A resolution was adopted authoriz-  
ing the board of trustees of the Tay-  
lor university, at Upland, Ind., to  
elect a president and chancellor at  
the end of the present college term,  
the office of president being vacant  
through the death of Rev. T. C.  
Reade, D. D.

## M. E. PREACHERS ASSIGNED.

Bishop Fitzgerald Announced Sta-  
tions of Preachers to Pitts-  
burg Conference.

Pittsburg, Oct. 14.—The appoint-  
ments of the ministers of the Pitts-  
burg conference of the Methodist  
Episcopal church for the ensuing year  
were announced by Bishop J. N. Fitz-  
gerald about noon yesterday, in part,  
as follows:

Allegheny District—G. W. Terhush, pre-  
siding elder; Arch street, W. W. Hall;  
Perryville avenue, W. L. Connor; Union,  
D. L. Johnston; Aspinwall, H. L. Chap-  
man; Bellevue, N. H. Holmes; Elmwood  
city, J. A. Younert; Hoboken, R. B.  
Carroll; New Brighton, First church, A.  
J. Asher; Springfield, H. C. Beaton;  
Eastown, Ralph Bell.

Blairsville District—Presiding elder, S.  
T. Mitchell; Elmwood, G. A. Williams;  
Ford City, S. E. Winebrenner; Greens-  
burg, E. J. Knox; Johnstown, Franklin  
street, T. H. Woodring; Johnstown cir-  
cuit, E. F. Dineen; Kittanning, S. E.  
Rodney; Mahoning, L. S. Peterson; New  
Derry, G. M. Allison; New Florence,  
O. J. Watson; New Kensington, M. J.  
Scipio.

Pittsburg District—Presiding elder, J.  
N. Boyle; Oakmont, Solomon Keeler;  
Luther street, Sylvester Leather; Christ  
church, E. A. Blake; Herron Hill, to be  
supplied; Homewood avenue, J. T. Pen-  
der; Mt. Washington, L. T. Wilkinson;  
Walton, J. R. Wolf; West End, David  
Flanagan; South avenue, Wilkinsburg, T.  
N. Eaton.

McKeesport District—Presiding elder, J.  
E. Murray; Addison, Thomas W. P.  
Turner; First church, Brownsville, W.  
Medley; Southview, M. A. Rice; Daw-  
son, J. D. Brison; East McKeesport, A. E.  
Elliot; First church, McKeesport, J. W.  
Miles; Mt. Lebanon, M. W. Hildebrand;  
Switzerland, H. H. Westwood.

Washington District—Presiding elder,  
James Mechem; Allegheny, to be supplied;  
California, M. D. Lichtner; Carmichael,  
S. W. Hinton; Charleroi, J. C. Burn-  
worth; Chester, E. C. Lindsay; Franklin,  
J. S. Thompson; Jefferson, J. R. Rye;  
McDonald, H. M. Canahan; Monon-  
gahela, H. S. Ross; Venetia, D. L. Head-  
lee.

All the other members not named in the  
above list were sent back to their  
charges.

A sad shadow was cast over the as-  
sembly by the death of a retiring pre-  
siding elder, the Rev. Dr. James A. Bal-  
lantine. Many addresses were made and  
resolutions of sorrow were adopted, to be  
published and sent to the family.

The Rev. P. H. Callahan reported for  
the Bible society. He lamented the in-  
difference on the part of the churches  
and earnestly pleaded for larger contri-  
butions. Only 1 cent per member was  
given, making the total gifts of the whole  
conference only \$6,000. The report mag-  
nified the work among the foreigners and  
asked for more energetic work around  
Pittsburg.

The Rev. Dr. William A. Montgomery,  
president of Allegheny college, made the  
address on behalf of his college and said  
that it has now in attendance more stu-  
dents than ever before in all its history.

Prof. Frank C. Laughlin, of the same  
college, made an additional address, high-  
ly complimenting the work of President  
Montgomery. President J. W. Riker, of  
Mount Union college, told of the great  
prosperity of that institution.

The Rev. Dr. Frank Lynch, of Philadel-  
phia, secretary of the Church Extension  
society, made another appeal in the in-  
terest of his work, and wanted enough  
money to build 1,000 new churches at  
once. It was reported that the treasury  
of the Twentieth Century Fund Com-  
mission has on hand about \$2,000.

Conference adjourned at 1:30, to meet  
next year at the Emory church, East  
End.

Almost Killed by Strikers.

Scranton, Pa., Oct. 14.—Orlando  
Schooley, who was taking a crowd  
of newly recruited men to work at  
the Edgerton colliery in Scranton yester-  
day afternoon, was set upon by a  
mob of 100 and beaten badly with  
clubs and it is feared he will not live.  
When taken to the Emergency hos-  
pital at Carbondale it was found that  
his back was broken. The crowd of  
recruits who were with Schooley  
were allowed to go unmolested upon  
their agreeing to take a train out of  
town. They told that they came from  
Noxen, Wyoming county, and that  
they were to be given jobs as fire-  
men at \$2 per day. A company from  
the Thirtieth regiment camp at  
Olyphant arrived at the scene of  
the assault in a special train after  
the mob had dispersed.

Baer Re-Elected President.

Philadelphia, Oct. 14.—At the ad-

**HI HENRY CURED**

The great minstrel king, in a letter  
dated Buffalo, Aug. 15, 1902, to the man-  
ufacturers of "Blood Wine," says:

"I have been asked so many times lately the  
cause of my good health and general improved  
condition, that I feel like letting you know that  
it has been brought about by the use of your  
"Blood Wine," which I consider a most re-  
markable remedy.

"The remedy is one of sterling virtue, and  
without doubt of that nature, it being what  
might be termed a very pleasant beverage,  
while its moderate cost places it within the  
reach of all.

"I feel quite certain that a trial will convince  
the user of its wonderful powers in the re-  
generation of wasted energy, the awakening of  
dormant functions and its general building up  
where a vital tonic is needed. Though not much  
given to the use of remedies I can most cordially  
recommend your "Blood Wine" as being of  
great value." "Blood Wine" costs fifty cents.

### JOYOUS RECEPTION

TENDERED REV. DR. M. B. PRATT AND WIFE LAST EVENING.

Churches And Business Men of the City Unite in Welcoming New M. E. Pastor.

The reception and greeting which was given by the First M. E. church last evening to Rev. Dr. and Mrs. M. B. Pratt, will long be remembered by the minister and his wife, as well as their many friends, not as a mere welcome to their new work, but as an event abounding in cordial greetings and good will of the members of other churches of this city, as well as of the Methodist.

The large lecture room of the church had been previously decorated with vines, potted plants, chrysanthemums and other choice flowers. In the front of the room the stars and stripes were draped about the large word "Welcome," while decorations were carried out quite tastefully in the rear of the room as well.

The first of the evening was spent in handshaking and greetings, followed by the general assemblage singing "Blest Be the Tie That Binds."

E. L. Henderson, chairman of the evening, requested that Rev. B. H. Hodgson make the opening prayer. The program which had been arranged then followed.

C. L. Gray gave an introductory address, followed by Rev. Dr. Pratt in behalf of the church. Miss Agnes Jones then played a piano solo, "Autumn," by Charnade. Rev. Dr. J. C. Taggart made a fitting address in behalf of the ministerial association. "Greeting," by Rev. Dr. David Jones, of the M. P. church, was followed by a quartet which sang in a pleasing manner the well known lullaby, "Sleep Kentucky Babe." Following this C. R. Boyce made very fitting remarks on behalf of the business men of the city and welcomed Dr. Pratt to the church and the city.

Prof. R. E. Rayman was called upon to represent the public schools, and gave an excellent address which was highly appreciated.

Dr. Pratt responded, thanking the host of friends present for the cordial welcome extended to him.

The program completed the remainder of the evening was spent in social conversation, meanwhile the ladies of the church served light refreshments.

Wheeling Lady Well Known Here President of Ladies of the G. A. R.

Word has been received in this city that Mrs. M. Anna Hall, of Wheeling, has been elected president of the Ladies of the Grand Army of the Republic at Washington, D. C.

Mrs. Hall is the wife of Joseph Hall, the past grand master of the Masons of the state of West Virginia, and is the sister-in-law of Miss Mary Hall, the assistant librarian of the Carnegie public library of this city.

### BIRTHDAY SURPRISE

Friends Bring Gifts to William Swindell—Rev. Edwin Weary Also Remembered.

A very enjoyable surprise party was tendered William Swindell, on Pennsylvania avenue, last evening. Over 30 couples were present, made up of members of St. Stephen's Episcopal church and many of Mr. Swindell's fellow workmen at the Thompson pottery. The occasion was the celebration of Mr. Swindell's sixtieth birthday. The aged gentleman was presented with an elegant upholstered chair by his children, who had prepared the surprise for their father. Rev. Edwin

Weary and wife were present at the reception and the reverend gentleman was made aware of the fact that it was also his birthday, both being presented with a smoking set. The evening was spent pleasantly. A fine luncheon was served. The company did not disperse until a late hour.

Brief Notes of a Personal Nature And of Matters About Town.

Lusty Youngster—A bouncing boy was born to J. N. Vodrey and wife of Robinson street, this morning.

Four Special Officers—H. P. Stevenson, track manager of the fair, appeared before Squire Rose this morning and had four men of Steubenville, H. M. Keeley, Simon Merriman, John Dodds and Robert H. Cable, sworn in as special constables to act in that capacity at the fair grounds.

Boy's Nose Broken—The little son of Architect A. W. Scott, of Walnut street, met with a most painful accident yesterday. While playing with another boy he was pushed out of a tree and fell upon his face, breaking his nose. Dr. Kirk was called and did everything possible for the little fellow.

A Base Fabrication—"That paper must think that I am an easy mark," said Squire McCarron this morning speaking of a story published in a local paper, stating that a warrant had been preferred before him for the arrest of a trio of alleged thugs who committed an alleged daring deed in the West End last night. The squire continued: "It is a contemptible lie. It is an outrage for a paper to make a statement like that."

A Theater Party—The Hinky Dink club, composed of 20 couples, will attend the show at the Grand tonight in a body. They have made great preparations and anticipate a most enjoyable time. Upon entering the theater the orchestra will strike a march, and to the lively strains the club will file up to the center of the house, where they will be seated in chairs decorated with club colors. A. G. Minehart, president of the club, will chaperone the party.

## EAST LIVERPOOL MEN ALL PUT UNDER BOND

A Salem Man Succeeded in Getting a Batch of Liquor Men  
In That City Indicted.

## SEVERAL LOCAL SELLERS WHO PLEADED GUILTY WERE FINED

Lisbon, October 14.—(Special).—There was much activity in criminal court yesterday afternoon, a large number of liquor and slot machine cases being disposed of. Some pleaded guilty and received their sentences, while a number maintained innocence and were put under bond for their appearance.

A motion to quash a large number of the slot machine indictments, made by Attorney W. F. Lones, of Wellsville, included all the East Liverpool cases of this character, and the persons indicted were put under bond of \$200 each.

It seems that saloonists D. A. Devine and James Larkins, of East Liverpool, farmed out a large number of slot machines in the city, agreeing to stand by proprietors who accepted them in case the law was enforced. Attorney Lones is counsel for Devine and Larkins, and when the former was arraigned based his motion to quash on the ground that the par-

ticular kind of a slot machine used by his clients was not a gambling device. The court was ready to hear the argument in the case, but it was deferred and no time set.

The names of those indicted and who gave bond to answer for slot machines follow: I. N. Crable, John Michaels, Stella Mayer, D. A. Devine, John Oleson, Jacob Seitz, Ida Tucker, M. O'Malley, J. J. ## LUTZ IS GIVEN THE DECISION

The Local Boxer Victorious in the Contest With  
"Buck" Steltzer Last Night.

Fully 100 local sports cheered Larry Lutz to victory in his bout with "Buck" Steltzer, of Columbus, at Beaver Falls last night. The contest was of 15 rounds and was won by Lutz in the last round on a foul after about two minutes of the hottest kind of boxing. Both men boxed cautiously all the way through, and with the exception of the fourth and fifteenth rounds the fight was rather tame.

In the fourth round Lutz was the

aggressor. He started in with determination, and seizing an opportunity landed a terrific blow on Steltzer's jaw, knocking him to the floor. The lad from the Capital City recovered quickly, however, and when the gong sounded was fighting desperately.

In the fifteenth round both men threw caution to the winds and salied in, each dead bent on landing a knock out blow. Once more Lutz landed a

Wilkesbarre, Pa., October 14.—(Special).—Strikers object to some clauses of the offer to arbitrate. Three district presidents are on the way here. They will hold a conference immediately after their arrival. The situation, summed up briefly, is still mixed, but the outlook is hopeful.

President Mitchell stated at noon that no settlement can be made by officers of unions without the consent of the convention. The situation remains unchanged at the collieries, with every prospect of it remaining so while present plans of arbitration are under consideration. Soldiers were sent through the outlying territory as usual but found nothing to do.

## CAR RAN BACKWARD

Passengers Had a Fright—Some  
Jumped, But Nobody  
Was Hurt.

Street car No. 8 of the East Liverpool and Wellsville line took a fit on Washington street last evening at about 4 o'clock, and as a result 57 passengers were thrown into a furor of excitement and for a few moments a panic prevailed.

The car was ascending the hill and had reached a point between Third and Fourth streets when the electric power very suddenly gave out. Before the motorman could apply the brakes the car started on a backward run. The male passengers aboard ran to the rear of the car and madly jumped out into space, while the lady passengers wrung their hands and screamed wildly for delivery from their own plight. At every turn of the wheels the momentum of the car increased and before it reached the alley on the upper side of Second street was going at a great speed. However, when the car reached the level the motorman gained control and the hill was ascended without further trouble.

## SERIOUSLY CRUSHED IN AN ELEVATOR

Lawson Pasco, a Warehouseman,  
Badly Hurt at the Laughlin  
No. 3 Plant.

## CAUGHT IN THE GATEWAY

His Arm Was Broken And His Leg  
And Back Injured—A Very Narrow  
Escape From Instant Death—Recovery Looked For.

What came near being a fatal accident occurred at the No. 3 plant of the Laughlin China company late last evening. Lawson Pasco, a warehouseman, was caught in the freight elevator and received injuries which will lay him up for several months.

Pasco, about 3 p. m., attempted to board the elevator just after it had started up from the first floor. He gained a footing on the floor of the elevator, but just then the gate of the gateway came down and caught him across the back. The elevator carried him up and the gate was holding him down. When the second floor was reached the gate was broken and the body of the man was rolled against the second floor. He soon broke loose and fell to the floor below, a distance of some 15 feet.

The body was picked up and placed on a stool and Dr. W. E. Mowen and Dr. O. M. Hendershott were summoned. The physicians made a hurried examination and ascertained that the man was badly injured and ordered his removal to his home. A message was sent to the patrol station, but as the wagon was at that time engaged, it was some time before the wagon arrived, in which Pasco was taken to his home in the Klondike district.

An examination of the injuries developed the fact that he was in a very bad condition. His left arm was broken just at the point where it entered the shoulder blade. His right leg was also cut in such a manner that it required 22 stitches to draw the wounds together. It was also ascertained that Pasco's hip and kidneys were injured and the physicians state that it will be some time before he can recover, if he is ever able to be about as usual again.

The attending physicians stated today that Pasco will recover, but it will require careful nursing and close attention to bring him through.

## MERCER WANTED HIM

John Goodwin, of This City, Received  
And Declined a Most Flattering Offer.

John Goodwin, the favorite of local base ball fans, has refused the offer of his life. Last Saturday he received a telegram from Win Mercer, asking him to come immediately to Cleveland, there to join the All-Americans in their trip through the west and stay with them during the winter tour of California.

Mercer wanted him to play the field with the team. Goodwin realized full well the opportunity, but decided to let it drop.

'Squire H. P. McCarron performed a very pretty wedding ceremony on the evening of October 11, when he united in marriage Miss Mary Russell and Wilson C. The 'squire prophesied a happy future for the couple.

## STONEMASON STRUCK BY HEAVY PIECE OF IRON

As the result of a terrible accident yesterday afternoon at about 3 o'clock Benjamin W. Hall, foreman of the stonemasons working on the new bridge being built in the West End by the Pennsylvania railroad company, is suffering intense pain and in an extremely critical condition at the home of Joseph Bucey, 451 Jethro street.

Mr. Hall was working on an elevated portion of the bridge, when a heavy piece of iron broke from a derrick that was overhanging him and struck him on the head and right side. Reeling backward the unfortunate man fell to the bottom of the gulley, a distance of twenty feet.

## BROWN CONVICTED AND GIVEN 4 YEARS

East Liverpool Man Who Robbed  
Aged John Mack Tried  
and Sentenced.

## HIS RECORD AGAINST HIM

And Judge Hole Promptly Made His  
Sentence a Strong One—Salem  
Horse Thieves' Case Aired in Court  
Yesterday Afternoon.

Lisbon, October 14.—(Special).—The case of John Brown, of East Liverpool, charged with robbing an old man named John Mack, in an alley near the Diamond in East Liverpool, was tried by a jury this morning.

The evidence showed that Brown, with a companion enticed the old man into an alley where they knocked him down and took his pocketbook containing \$6. Brown was seen coming out of the shed with the old man and immediately began to declare it was a shame for anyone to assault an old man.

The jury returned a verdict of guilty. Brown having once before served a term in the penitentiary, Judge Hole sentenced him for four years.

Robert and Philip Eckhart, both of Salem, charged respectively with stealing horse, buggy and harness, and assault and battery were brought into court this morning and permitted to change their pleas.

Roberts pleaded guilty as charged and was sentenced to the Mansfield reformatory where he must remain at least a year. Good behavior may secure his release after that before the limit of seven years has been served.

Roberts, with a companion, hired a horse and buggy last summer at F. E. McIntosh's livery stable in Salem to drive to Lisbon. Instead they went to Youngstown and finally to Huntingdon, Pa., where the turnout was sold. McIntosh advertised for his stolen property and this led to the arrest of Roberts.

Eckhart admitted his guilt as charged and was sentenced to 30 days in the county jail. Prosecutor Brooks stated to the court that the grand jury was reluctant to indict Eckhart because of the character of Harry McCartney, whom the defendant had assaulted and showed that there were extenuating circumstances. Eckhart promised to do better and the court made his sentence light.

In the case of James Ryan, of Salem, charged with shooting Edward Mackey, with intent to kill, Attorney George Farrell, counsel for the defendant, asked the court to issue a commission permitting the taking of Mackey's deposition on written interrogatories, Mackey being now in Pennsylvania. Prosecutor Brooks objected and insisted on the right to be present when the deposition was taken and to question Mackey orally. Judge Hole decided that the state must file written interrogatories.

The case will be heard next week.

## FIRST TRI-STATE FAIR OPENED HERE TODAY CONDITIONS FAVORABLE

Indications Considered Flattering for Good  
Races, Although the Weather is  
a Trifle Cold.

The first tri-state agricultural fair ever held in this city opened this morning at Columbian park under circumstances that were most encouraging. After the almost continuous rain of several days it was indeed a pleasant surprise to the management of the fair when the day started clear and cool, giving an assurance of an ideal fair week.

It was feared yesterday that the track would be slow, owing to so much rain but the cool wind that commenced stirring early last evening dried the soggy portions and a faster track could not be desired.

Until noon today bunches of horses arrived in the city from all directions. Those coming from points up the river had no difficulty in reaching the city but those from Steubenville encountered nothing but delay and trouble. Two carloads left Steubenville Saturday afternoon and did not get here until this morning. The owners of the horses were up in arms

but their kicks registered amounted to naught. The men who drove their horses through arrived Sunday and gained many points.

The men appointed as starters had their troubles in the 2:40 pacing race this afternoon. The track is so narrow that horses can only be started four abreast, and when the dozen left the wire it was very hard to tell whether or not the horses were started as scheduled.

The special features of the fair were enjoyed highly by the fair sized crowd which was in attendance. Cute, the driverless pacer, was the cynosure of all eyes. She has a mark of 2:05 1/4. The two dogs, Max and Rex, owned by Prof. Spoerhase, were also pleasing attractions. They drive two horses, Hummingbird and Nan Wilkes, at a 2:22 gait.

Special police kept good order at the park all day. They are old hands at the business and were imported

## BOARD PLAN FOR CITIES FAVORED

Code Conference Committee Finally Decides for  
It—Sudden Change of House.

Columbus, October 14.—(Special).—The code conference committee last evening decided in favor of the board plan of government for Ohio municipalities. The departments of public safety and public service have been merged and will be known as the board of public service and safety. It will consist of from three to five members, as council directs, to be elected by the people. It is a modification of the Nash plan, which provided for two boards.

The house declared for single elective head departments, but the conferees of this body weakened and were forced to adopt the compromise prepared by those of the premier body. The turn affairs took at the meeting was unexpected and has created astonishment. It was generally thought that the house committee would not waiver in its position in favor of one-man boards, and its complete capitulation to the senate committee has

taken the breath out of many of the members. The notion that they were irrevocably committed to the one-man plan was evidently a misapprehension.

The village code was taken up and disposed of. Village officers will serve two years. Then the proposition to unite the departments of public service and public safety was pushed through. This board will have unlimited powers. It will control every department, including water works, fire and police. Much of the code will have to be altered to make it conform to this radical change. Some sort of a merit system will be adopted. Council will have only legislative powers.

A resolution by Senator Archer to have one director of public safety in cities from 5,000 to 10,000, three in cities of 50,000 and five in other cities, was defeated. The section regulating ticket brokers was taken out of the code. The governor was given power to remove mayors for cause.

## FIGHTERS ARRESTED

ENGAGED IN A LIVELY MATCH  
IN THE WEST END.

John Allison Gets Out of Jail And In  
Again—Other Arrests Last  
Night.

While engaged in a pummeling match in the West End early last evening Charley Reed and "Cripp" Cain were arrested by Officer Aufderheide. It is said that the pair made things lively a few minutes in that usually quiet section of the city. A charge of disorderly conduct by fighting was preferred against them by the arresting officer and they were allowed freedom on their promise to pay the mayor this evening.

Officer McDermott found Homer Thompson, of Chester, in a terrible state of intoxication in the smoky districts last evening. He is incarcerated in the city jail awaiting a hearing. Charley Fletcher was so beastly drunk that it required Officers Aufderheide and Dawson to arrest him. The patrol was called and he was placed in durance.

Feeling so joyful over his release from the county jail where he had lain practically all summer awaiting action of the grand jury on his case, he being charged with horse stealing, John Allison took a few too many drinks yesterday and he now will have the pleasure of facing the mayor again. He was arrested by Officers Ruhe and Rose. A grocery delivery wagon was used in hauling him to the jail.

Ohio continues to be the leading pottery producing state in the union, making all the varieties enumerated except bone china, etc. The values of its product in 1899 was \$6,996,045, or 40.56 per cent. of the total, and in 1900 its product was valued at \$8,573,324, or 43.36 per cent. of the total. The number of firm reporting in this state for 1899 was 118, while for 1900, 119 reported, 6 of which were idle. New Jersey is again second, with a product valued in 1900 at \$5,263,651, or 26.59 per cent. of the total, as compared with \$5,070,566, in 1899, or 29.39 per cent. of the total. The number of firms reporting in this state for 1900, was 45, of which two were idle. In 1899, 46 reported. New Jersey is the largest producer of sanitary ware, and was the first to introduce the solid porcelain bath tub, a branch of the trade which is growing rapidly. Ohio and New Jersey in each of the last three years produced 70 per cent. of the total products of the country.

Pennsylvania was third in each year, and Illinois fourth in 1899, while in 1900 New York was fourth and Illinois fifth, and West Virginia was sixth in both years. Briefly summarized, the report shows that Ohio produced over 43 per cent. of the pottery made in the United States in 1900; New Jersey and New Hampshire together over 26 per cent; Pennsylvania a little in ex-

cess of 7 per cent.; New York, including the electrical supplies made in Indiana, and the china made in Ohio, nearly 6 per cent, and Illinois slightly less than 4 per cent. The balance is scattered among the other states, none exceeding 3 per cent.

### MANUFACTURERS PLEASSED.

No class of manufacturers along the Ohio river were more pleased to note the sudden rising in that beautiful and mammoth stream than the manufacturing potters of this city. To them it means more than can easily be imagined. For months there had been piling up in local warehouses, packing sheds and shipping points, owing to the inability to get service by railroads. The wharfbow was today packed to its full capacity with ware and it will all be shipped to points down the river just as soon as the boats arrive. In figuring on how much of the local product is shipped by river the majority fail to conceive that all of the ware is not shipped simply to towns along the waterway. Hundreds of casks find a stopping place at the river town, but twice the number are simply transported to some extensive shipping point, Cincinnati or Louisville, for instance. From those points it is shipped by railroad to towns and cities all over the world. Captain Gus Martindill, of the wharfbow, states that East Liverpool manufacturers ship more goods by river than are shipped from any other city of its size between Pittsburg and Cairo. Captain Martindill has his boat in readiness to accommodate the shippers and anticipates no difficulty in supplying boats for the demand. Men who live practically on what they can make by roosting at a wharfbow find the local boat a harvest. They get paid as high as 60 cents an hour for their work, the price paid depending altogether on the rush required in getting the freight aboard. Casks are generally heavy laden with ware and the roustabouts complain of the strenuous work necessary, but are well satisfied to do it at the rate of sixty cents.

### WANT IT UNIONIZED.

The Trent Tile company, of Trenton, last week received a notice from the National Tile Pavers' union, demanding that its plant be unionized. In case of failure to comply with the request of the union, the notice says that its members will be instructed to refuse to handle the product of the local concern, which, in other words, means placing the company on the unfair list. There is another demand, which, in the opinion of the heads of the company, is, from a financial point of view, of more importance than placing the shop on a union basis. The demand is that the company follow out the custom in vogue among other tile pavers in New York and other large cities, who receive their tile arranged ac-

ording to their design on paper. The paper after the tile is arranged in the shop, is laid over the surface with a thin coating of shellac. This enables the pavers to lay the tile on the cement base in squares. After the tile is laid the paper is removed, thus doing away with the old system of placing each tile separately. There are about 200 girls employed at the shop and about 100 male employees.

### WORK RUSHING AT DRESDEN.

Since the commencement of operations at the Dresden pottery it is said that business was never more rushing nor ever in a more flourishing condition than at present. It is stated that last week there was more ware packed and shipped than in any other week in the history of the plant. Yesterday a full carload was shipped to Oklahoma and orders are on hand that will keep the packers busy until the holidays. The men of this department worked until 9 o'clock every night last week and expect to continue working overtime for several weeks.

### SECRET DIED WITH HIM.

William P. Brookes, whose death occurred at Toronto Friday night, was the possessor of a secret formula for making an oil which is used in all the decorating departments of the potteries. The oil was made and shipped by Mr. Brookes to wholesale potters' supply houses. From there the oil was distributed all over the country. While it is said, no pottery used any great quantity of the oil in a year, the secret of its manufacture and its superior qualities made it quite valuable.

### COOPERS ARE SCARCE.

A scarcity of coopers is becoming quite apparent among the potteries. Owing to the daily increase in shipments it is absolutely necessary that coopers put in steady time and then it is being found that enough barrels for the warehousemen can not be supplied. It is said that one cooper shop is idle for the reason that men of that trade cannot be secured.

### POTTERS AT PRIZE FIGHT.

Among the big crowd of East Liverpool people who attended the fight at Beaver Falls last night there was a large contingent of pottery workers. The majority of them laid off early to get ready for the trip. Lutz was championed by all and no bets were made.

### RESIGNED HIS POSITION.

Arthur Lowe has resigned his position as straw boy at Cartwright's and accepted a similar position at the Dresden.

### MRS. EVANS' SAD CASE

Continues to Roam the Street And to Beg That Her Child Be Restored to Her.

Mrs. Eva Evans, the deserted wife, continues her seemingly aimless roaming around through the streets, and attention to her is attracted from all sides. She is worrying the police and justices of the peace almost into distraction by her continuous stories and appeals for help in getting back her baby, which, it is said, is in the hands of people far more able to give it proper attention than she would be. A physician who attended the sick child avers that Mrs. Evans did not give her baby the necessary attention and says this is the cause of its sickness.

The bereaved woman is thought to have become demented as the result of worrying over her loved one, and it is contended that she should be tried by a lunacy court. Satisfactory work has not been received from her relatives or friends at West Newton, Pa., to whom she applied for assistance and now she implores money for her transportation to Pittsburg, where she thinks she can gain admittance to a hospital for herself and children. She states that she does not want to see her husband again, but will do all within her power to locate him if the county authorities so desire.

### THAT DOG MUST DIE

OR ITS OWNER WILL SUFFER A  
SUIT FOR DAMAGES.

Statement Made on Authority of Jus-  
tice McCarron—Policemen For-  
bidden By Owner to Kill It.

That dog which, judging from the attacks which it has made on pedestrians which have traveled Market street, is undoubtedly possessed of rabies, will be either killed in the next few days or it is said damage suits will be instituted against the owner. The police at central station state that the brute belongs to Cyrus Green, who lives in the alley between Fourth and Fifth streets. Not more than two weeks ago the vicious animal made an attack upon little John Carter and last week it flew at Henry Williams, the collector of Chester.

An officer was instructed to kill the dog the next day after Carter was bitten, but the proper steps were not taken and last week after it again showed madness, officers were once more detailed to do the work. Officers Mahoney and Anderheide went to do as bid, but met with an abrupt refusal by the owner. The officers state that when they appeared at Green's home and informed him what they were there for that he said: "Oh! I have concluded not to let the dog be killed."

Both officers acknowledge fear of the dog and were not disposed to go in and attempt to use force upon the animal. Not only the officers, but the people in general are very much worked up over the case and there will undoubtedly be something doing if the animal is not dispatched. It is said that it positively is unlawful for a man to harbor a mad dog, even if he has it chained in a manner making it impossible for it to make an attack upon any one.

Squire McCarron stated last evening that unless the dog is immediately killed Mrs. Carter, mother of the young lad that was bitten, will institute a suit for damages. The squire is confident that the suit will be well based and, like many others, is unable to conceive why a man should persist in keeping such an animal.

Use.

Good News For Sufferers From Dyspepsia,  
Constipation, Liver Troubles or  
Nervous Exhaustion.

It is estimated that five million dollars were spent last year by Americans in visiting the world-famed Traubenkur or Grape Cures of Germany. Their startling cures of Stomach and Liver Troubles and General Exhaustion have stirred the medical world, and forced physicians to recommend them and admit their wonderful work. Recognizing the Grape Cure as the most potent factor in modern medicine. The Lightning Medicine Co., of Rock Island, Ill., after years of scientific experiment perfected

## TO PROLONG HUMAN LIFE

Albert Matthews, Ph. D., assistant professor of Physiological Chemistry in the University of Chicago, in summing up the practical results of the discoveries of Prof. Jacques Job and himself, says: "There is apparently no inherent reason why a man should die, except our ignorance of the conditions governing the reaction going on in his organism."

When Dr. Joseph Enk, nine years ago, reached this conclusion as the result of scientific pathological experiments, he did not desire to run the risk of being considered a mad man or a fool, and kept his opinion to himself. But in preparing the Enk Preparations for the cure of disease, the startling facts which he had uncovered were incorporated in the theory upon which the remedies are based.

The possibility of prolonging the life of the cells has become a certainty, and the substances which will accomplish this best are known to Dr. Enk; also, the secret of presenting them in a form acceptable to the human body, which is most important. The people who use Enk Preparations for their ailments have no need for other medicines, and even now we can insure longevity and good health.

Research into the problem of life is going on steadily in the Enk laboratory and is rapidly dissolving the clouds which cover this most momentous question.

For information about the Enk Preparations, write for our booklets or obtain them of your druggist.

## BEST PAYING ROAD

River Division of the Pennsylvania the Best Branch of the Whole System.

That the Cleveland & Pittsburgh railroad, especially the river division, is the best paying branch of the extensive Pennsylvania systems, is evidenced by the fact that in the last report of General Manager Starr to the directors of the company the statement was made that the receipts were more extensive from this branch, in proportion, than any other road in the system. There is an immense amount of traffic being handled on this road at present, and there is not a day but what all passenger trains running into Bellaire from the east are from 30 minutes to three hours late.

No other cause other than heavy freight traffic can be assigned to the delays of the passenger trains on this division of the Pennsylvania system. Extending through a territory that is thickly settled with manufacturing properties, all of which are working to their capacity, nothing else is to be expected. This road receives all the freight made for shipment along the river from a point east of Steubenville and extending as far east as Rochester. It is the only road in those parts and of course freight traffic must be heavy from this cause.

## Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

Keep Their Offices Crowded Almost Constantly.

Eminent specialists from the English Medical Institute, by request of numerous patients under their treatment in this country, have established a permanent branch of the Institute in East Liverpool. In order to become rapidly acquainted with the sick and afflicted, these eminent gentlemen have decided to give their services entirely free (medicines excepted) for three months to all invalids who call upon them before Oct. 25th. These services include examination, advice and a minor surgical operations.

The doctors treat all forms of disease and deformities and guarantee all curable cases under-taken. Weakness of either sex, catarrh and catarrhal deafness, heart, lung, stomach, kidney and bladder affections. All diseases of the skin, blood, brain and nervous system. Goitre, cancer, without pain, epilepsy, rheumatism and rectal diseases. Impaired vitality, knotted veins and shrunken con it uns are positively cured by their new treatment.

At last there is good news in relation to the miners' strike. The energetic and diligent efforts of the president, his cabinet and other advisers, to bring about an arbitration of existing differences between operators and men, have borne fruit, and a commission of five is to be chosen to arrange the terms of settlement. While the negotiations are pending the strikers are to return to work. If, as now seems possible, the proposition reluctantly wrested from the operators, results in putting an early end to the costly and calamitous struggle the whole country, along with the mining interests of Pennsylvania, will have abundant cause for rejoicing. Had not the tide of prosperity been unusually high in the country generally the effect of the strike would have been paralyzing to business. As it is, a situation which might have been avoided by a disposition on the part of the mine owners to be fair with their men and to have some regard for the interests of the public, has long since become intolerable and must end sooner or later. If it shall end amicably, in an agreement by which, as suggested, the mining scale will not be disturbed for the next three years, the country will owe a debt of gratitude to President Roosevelt for his conservative, patriotic and fair minded efforts to promote such a happy outcome. While it is doubtful if the present proposition brings about a complete understanding, it is an encouraging indication and therefore a matter for public congratulation.

Candidate James Kennedy, of Youngstown, makes new friends wherever he goes, meanwhile retaining an army of old ones. Even the Democratic organs of the district are compelled to admit that he will be the next congressman from the old Eighteenth, and strangely enough they have not a word of fault to find with him. Mr. Kennedy will make a congressman who will be a credit to his district and to his state. He should be given a majority that will announce to the country with convincing eloquence that this section of Ohio has no use for single-taxers or free traders and declines to trust the adherents of those theories to make laws for the nation.

The government is about to wage war on the hyacinths in the St. John's river and tributaries in Florida. For years this pest has been increasing in the river, at times completely closing up navigation on the upper St. John's. The hyacinths would pack so closely that the most powerful steamers could

not force its way through the plants and at times in the upper part of the river the plants would be packed so closely that people could cross the river on the plants. Scores of creeks are now closed to navigation on account of the hyacinths, causing much loss to loggers and millmen. The flowers are pretty but the logs are useful, and so the hyacinths are to be killed by spraying them with poison.

The old fashioned college course is good enough for Chancellor Day, of the University of Syracuse. In a recent interview he said: "There is no hurry for young men to get into what is called 'life work.' The first work of a college is to make brains. We must take time to do it. Years are not the most important things. Power is worth more than years. We want less technical and professional nobodies and a good, broad educational basis."

Boston has a "professional fitting school for women." The college starts off with 125 students. The department of household economics has registered 52. For secretarial work 42 have registered and 22 for library work, the rest for special lines. There is a field for education along all these lines, and it will be surprising if the new institution does not prosper.

The argument that most affected the coal operators was doubtless the steady stream of cash their coffers were missing.

The coal barons are coming to their senses.

## OBITUARY

Mrs. Ella Kagle.

Mrs. Ella Kagle, aged 84 years, one of the oldest and best known residents of Alliance, died at the home of her daughter-in-law, Mrs. Frank Johnson, in Alliance yesterday. She was born in Beaver county, Pa., and for a number of years was a resident of Lisbon. She was well known in this part of Columbiana county, and had a number of relatives in this vicinity. The funeral services will be held Thursday afternoon from the late home on Arch street, Alliance.

Mrs. Robert Walters.

Mrs. Robert Walters, aged 46 years, died at her home in Lisbon yesterday after a long illness. She was a resident of East Liverpool until last year. Her husband was engaged in the livery business on Third street. Mrs. Walters had been an invalid for a number of years. The funeral services will be held this afternoon and a number of persons from this city will be in attendance.

John J. Lindesmith.

Lisbon, October 14.—(Special).—Relatives have been notified of the death of John J. Lindesmith, at Pomona, Cal., October 3. Mr. Lindesmith was 45 years old and a son of the late D. H. Lindesmith, of Dunbar, N. H. He had lived in California 15 years.

Ray Putnam.

Ray Putnam, the young son of Archie Putnam, of the East End, died this morning at 5 o'clock of scarlet fever.

## VETERANS' REUNION

A Large Gathering of the Survivors of the Third Infantry Meeting Today.

The members of the Third Ohio Voluntary Infantry residing in all parts of the state gathered at the Wellsville reunion. About 100 members came in from other cities and assembled at the G. A. R. hall on Main street.

A banquet was enjoyed at 1:30 at the home of G. B. Aten, on Front street, who is a member of the company. A meeting was held in the afternoon and another will be held this evening at the hall. The reunion is an annual occasion, but has not been observed here about for a number of years.

## CLERKS' UNION MEETING

Probabiltiy That Terms With the Merchants Will Soon Be Arranged.

Retail clerks' union No. 133 will hold its regular meeting this evening, and it is expected that something definite will be decided upon with reference to the agreement between that organization and the merchants of the city.

It is not thought that the disagreement between the two forces will be long continued, as both sides have declared their willingness to confer. When they get together, which will probably be some time during the present week, settlement is probable.

pretty one about his opponent's head and once more Stelzer went sprawling to the floor. He recovered in time to save being counted out, and realizing that it was then or never for him to make a show Stelzer bounded into the fight like a tiger. Lutz was the more composed of the two, and got the decision on that point. Stelzer paid little heed to where he was directing blows, and upon landing three in the pit of Lutz's stomach was declared the loser of the fight by Referee Jack Howarth.

The fight took place in the Nonpareil Athletic club rooms and was witnessed by an immense crowd. Betting was not indulged in to any extent. The locals who were present are confident that Lutz will knock Stelzer out if given another chance.

## FRIENDS AND VISITORS

Mrs. Hannah Wyllie was a Pittsburg visitor yesterday.

Mrs. Fred Koerber went to Pittsburg last evening for a short visit with friends.

Thomas J. Duffy will open his campaign for congress at a meeting to be held in Sebring tomorrow evening.

Tipton Queen, a veterinary surgeon of Salineville, was at the East End race track yesterday afternoon on business.

W. L. Taylor returned home from Atlantic City yesterday, having been called there on business. Mrs. Taylor and the children will remain some time longer.

Mrs. J. W. Speare, nee Miss Anna Ryan, of Wellsville, was a guest at the home of her uncle, J. W. Geon, over Sunday. She left today for Pittsburg, where she is making her home.

## AT THE THEATER

A large house greeted the company playing "When We Were Twenty-One" at the Grand last evening. Some delay was occasioned by the non-arrival of Mr. Allen, the leading actor, until 9 p. m. He had been delayed en route, having spent Sunday with his mother who is ill at Columbus. Mr. Allen is a most capable actor and is supported by a strong company. The play is wholesome and entertaining and was admirably staged and excellently presented.

"York State Folks" is a pure and wholesome play and one that will appeal to theatre-goers and non-theatre-goers alike. It is so clean and restful that those who see it once, want to see it again; it is a play that grows on one the more one sees it, the more and more they will like it.

"York State Folks" with its original cast and stage accessories will be presented at the Grand tonight.

"A pleasing performance by a competent company of the best written comedies seen this season, was the 'Missouri Girl' at the Third avenue theatre last night."—New York Daily Telegram. The play will be presented at the Grand Wednesday evening by the same cast, the scenery and stage settings being even better than the New York production.

Augustus Thomas' excellent play, "Arizona" returns to East Liverpool with a proud record of having played longer in New York city during the past year than any other dramatic production. "Arizona" is one of the brightest, most interesting and most wholesome plays ever written by an American author. Its return engagement at the Grand opera house is Friday night, October 17.

## 'TIS TRUE

The Proof Lies In East Liverpool Testimony.

It is not hard to prove the claims made for Doan's Kidney Pills. Scores of people in East Liverpool testify to their merit. Surely the evidence from friends and neighbors, plain statements of their experience, is better proof than the testimony of people residing in some far-away place. Read the following:

Mr. William Torrence, fireman at engine house No. 1 says: "For some time I was annoyed with symptoms of either weakened or over-excited kidneys. I had noticed more than one recommendation made by people living in East Liverpool about Doan's Kidney Pills, and thinking that if the medicine performed half what it promised it might help me, I bought a box at Larkins' Drug Store. The treatment cured me."

## BUSY SESSION HELD BY CRIMINAL COURT

(Continued from First Page.)

man Schubert and Lewis Panner, of Salineville.

Troublesome Philip Eckhart, of Salem, now in jail for assault and battery, was the cause of nine Salem saloonists and bartenders being stranded in the drag net for selling liquor to habitual drunkards.

Each of the nine pleaded guilty to each of two counts for selling to an habitual. The fines were \$20 and costs on each of the two counts.

Those fined are Charles Holton, William Schimmerhorn, Onie Rutter, Joseph Shiver, George Shiner, Frank Moss, Howey Howalt, Henry Bergmann and Morris Waggle. It is said that thirteen in all were indicted because of Eckhart.

Samuel Brubaker, of Wellsville, pleaded guilty to having a slot machine and schemes of chance in his establishment. He was fined \$50, with the 10 day's jail feature, which is part of the penalty, suspended during good behavior.

James Degnan, of Leetonia, pleaded guilty to having sold liquor to two Columbiana minors. He was fined \$30 and costs on each of the three counts.

William Gallagher, of Salineville, was fined \$50 and costs on each of three slot machine counts, with jail sentence suspended.

James Gallagher, also of Salineville, drew a like penalty on the same charge.

William H. Thompson and Charles Parker, of East Liverpool, waived an arraignment on slot machine charges, and gave bond for \$200 each.

I. N. Grable and John Short, of East Liverpool waived arraignment on liquor charges, and were put under \$200 each.

Pat Fitzpatrick, of Wellsville, waived arraignment for selling to minors, and was put under \$200 bond.

George Tobin, of Salineville, was fined \$50 and costs for keeping slot machines. The 10 day sentence was suspended.

John Schlep and Ezra Hoffmeister, of East Palestine, each gave bond of \$200 for his appearance to answer for violation of the Beal local option law.

"Toughy" Walters, of East Liverpool, charged with selling to a habitual drunkard gave bond for \$200.

Solomon Erbstein, of East Liverpool, was fined \$25 and costs on one count for selling to an habitual drunkard, and two counts were nolleed.

William Hopkins, of East Liverpool, gave bond for \$200 for his appearance to answer for selling to an habitual. Frank Rigot, of East Liverpool, gave bond for \$200 for his appearance for selling to minors.

Robert Sodaker, of East Liverpool, waived arraignment for 17 liquor and slot machine indictments, and gave bond for \$300.

Thomas Whalen, of Salineville, who did not remove his slot machine when notified, was fined \$50 and costs on each of two counts with jail sentence suspended.

James Madden, of Wellsville, waived arraignment on twenty-three indictments for selling to minors and habituals and was put under bond of \$400.

Robert Spencer and William Humble of East Liverpool, were each put under bond for \$200 for selling to minors.

Louis Panner, of Salineville and James Nelson, of Wellsville, gave \$200 each as bond for selling to habituals. William Ryan, of Columbiana, gave bond of \$200 to answer for Beal law violations.

Robert Maxwell, of East Liverpool, pleaded guilty to one charge of selling to minors and five for selling to habituals. On the first charge he drew \$25 and costs and 10 days in jail and on the other five \$20 and costs in each case.

When this list of law breakers were disposed of five jail prisoners were ushered into the court room. Philip Eckhart, of Salem, pleaded not guilty to a charge of assault and battery.

James Rauch, of St. Clair township, pleaded not guilty to a charge of non-support of his three minor children.

William Roberts, of Salem, pleaded not guilty to the theft of a horse, buggy and harness.

Mary Starke, of East Liverpool, pleaded not guilty to a charge of burglary.

John Flickinger, of Columbiana, pleaded guilty to furnishing liquor to a minor. He was fined \$25 and costs, and stands committed.

The other cases will probably all be heard next week.

## AS TO SLOT MACHINES

Prosecutor Shields, of Columbus. Says Operators Cannot Be Prosecuted.

The crusade against the operation of slot machines of Columbus has been interrupted temporarily by a communication made to Acting Police Chief Kelly by Prosecutor Shields, in which the latter says the operators of such machines cannot be prosecuted under the laws of Ohio. The opinion rendered by the prosecutor is based on a decision made by Police Judge Lueders, of Cincinnati. The letter follows:

"Replying to your request for an opinion as to the legality of the card penny-in-the-slot machine, I desire to say that after a careful examination of the question I have reached the conclusion that while there may be an element of gambling in their operation, yet the owners thereof could not be successfully prosecuted, and in my opinion they cannot be prohibited.

"I base my opinion on the decision of Police Judge Lueders, of Cincinnati, which was rendered on January 21, 1902. In passing on the case Judge Lueders said: 'They are used

in the same capacity by these defendants that large mercantile establishments use traveling salesmen.

"The machines are silent salesmen, by which owners sell more merchandise than they otherwise would, so the machines indirectly benefit hundreds who are given employment in the manufacturing of cigars, etc. Slot machines which are fair, having the card combinations which afford the players all of the possible opportunities for winning shall not be prosecuted."

### RELAYING THE RAILS

Manager Healy Takes Action in Obedience to Orders of Council.

Manager L. W. Healy, of the East Liverpool railway, has taken action toward laying the rails in the center of the street on Liverpool street, a matter which he was given 15 days in which to attend to at a meeting of council held on the 3d of this month.

The laying of this stretch of track on the street mentioned with girder rails, which are especially constructed to pave to, has held up Contractor Freshwater, who has the contract for paving the street and he cannot therefore be held responsible for not proceeding with the work.

Councilman Henderson has been endeavoring at every council meeting for the past two months to get this paving work started and his efforts are now beginning to tell. The rails which are being carried to Liverpool street by the street railway company are the balance left on Clark avenue which will not be needed there for probably a month or so.

The new rails which Mr. Healy has ordered from the Lorain Steel company, of most of which will be required to finish the track on Liverpool street, will not arrive before the 17th or 18th of the month. The work of paving Liverpool street will probably be started in two or three days, or as soon as enough rails have been laid to warrant commencing.

### NO NEW CASES

And the Two Smallpox Patients Are Reported Recovering Very Rapidly.

There are now only two houses in the city which are under quarantine for smallpox, the Gamble and Bright residences, where a patient in each house has had an attack of the disease. All of those who were exposed to the Gamble case and quarantined were freed last Friday, while those who were exposed to the other case, among whom are Mayor Fogo and family, were allowed out yesterday for the first time, the 17 days of quarantine required by the state board of health having expired.

Both of the patients are now getting along nice, and it is thought that they will soon be able to be about again. No new cases have been reported, and it is believed that nothing more will be heard of the disease in this city.

### THROWN FROM WAGON

Congo Boy Badly Hurt in Runaway Accident at Wells-ville.

Charles Crease, who drives a garden truck wagon for his father, James Crease, of Congo, this morning was thrown from his wagon in the West End by a runaway horse and dragged for several feet.

When the boy was picked up it was found that his hip bone had become dislocated and he was seriously bruised upon the head. One leg was also badly cut. He was at once removed to Dr. Robinson's office and later taken to his home in Congo.

### Piano Club Formed.

The piano pupils of Mrs. McCarell have organized a piano club and will hold private recitals each month, the first to be held at the home of Henry Kampman, on Liverpool street, on the 27th inst. Miss Helen Bailey, of Broadway, will be the vocal soloist. This club is to be run on the same order as the Tuesday Musical club, of Pittsburg. It will hold its first public recital some time in November.

### No Quorum Present.

For a second time within the last month the board of education failed to get together Monday evening, there being no quorum. Only White, McKenzie and Henderson were present. There will now be no meeting until the 27th inst. All of the bills which have been coming in since the last meeting will have to be held over until then and the matter of tuition cannot be disposed of.

### Funeral of Mrs. Clark.

The funeral of Mrs. Rev. Charles E. Clark was held at 2 o'clock this afternoon from the First Methodist Episcopal church, which was crowded to

### Brass Thieves Fined.

Frank Buckeno, an Italian employee at the roundhouse of the C. & P. railroad, who was arrested yesterday morning by Detective Moore in company with his brother, Joe Buckeno, charged with stealing brass and other material from the railroad, was fined \$14.85. His brother was fined \$10 and costs.

### Kennedy Will Speak.

All arrangements have been made for the "On to Cairo" meeting to be held at city hall tonight. Attorney James Kennedy, of Youngstown, Republican candidate for congress from this district, will address the meeting, and the event is looked forward to with pleasant anticipation.

### TEACHERS' READING CIRCLE

Organized at Holliday's Cove for Teachers of Butler and Cross Creek Districts.

A teachers' reading circle has been organized at Holliday's Cove for the teachers of Butler and Cross Creek districts. The West Virginia teachers' reading course has been adopted and 25 of the required books purchased. J. M. Miller, principal of the Holliday's Cove high school, formerly of Chester, is chairman of the circle. The next meeting will be held at 2:30 o'clock Saturday, October 18, in the Holliday's Cove school building, after which meetings will be held regularly every two weeks throughout the school year.

The first two chapters of White's "Art of Teaching" and the first 100 pages of Spark's "Expansion of the American People" will be discussed at the next meeting. The teachers are all very enthusiastic over the organization of the circle, which promises to be very successful.

### AN UNCANNY RECORD

House Where the Baker Murder Occurred Is Being Moved to New Location.

The McWha house, where the Baker murder was perpetrated, is being moved across the school grounds to a three-cornered lot belonging to Mr. Lee. "Squire Lee, who has purchased the property, will erect a fine residence on the site of the old house.

The building is being moved has a rather uncanny record. The six families who have occupied it since the murder was committed have all suffered some dire misfortune. It is now impossible to find a tenant for it, though houses for rent are very scarce in Holliday's Cove.

### NEARLY DROWNED

Frank Hart Had Narrow Escape While After Logs in the River.

While drifting for logs yesterday afternoon Frank Hart, of Chester, came near being drowned. While he was making fast to a square timber, in some way it turned over with him and he was plunged head first into the river.

Aid was at hand, however, and he was shortly pulled out. He appeared none the worse from his cold bath this morning.

### Flag Presentation.

The Jr. O. U. A. M., of New Cumberland, will present the Holliday's Cove school a large flag and bible Saturday, October 18. An excellent program is being prepared and every one connected with the Cove schools is much pleased with the interest taken in them by the Juniors. The Chester lodge will probably attend the presentation ceremonies, as it is deeply interested in the public schools, having presented the Chester schools a flag and bible last year.

### Locating a Wild Cat Well.

Murray & Miller, prominent oil men, who opened the rich Carson field near Fairview, are having a rig put up preparatory to drilling on the farm of William Cable, about three miles from Holliday's Cove. That section has never been tested for oil, but men who have been successful in locating oil fields say that Murray & Miller could not have selected better territory for wild catting.

### Great Interest in It.

from Steubenville. Several from the city were also sworn in today.

The agricultural displays were not as many as were expected but this is no fault of the management. They have offered prizes and solicited patronage and are only too willing to make good their agreement. Several herds of fine cattle and sheep were on exhibition, but further than that the displays amounted to little.

It is predicted that commencing tomorrow there will be an immense crowd present during the remaining days of the fair. Large bodies are expected from Steubenville, Wells-ville and points up the river. Local lovers of horse racing will be present to a man and the fair will no doubt be a financial success.

Following are the names of the horses together with their owners that are scheduled to race this afternoon:

Gentleman's road race, purse \$25.—Mac Tell, s. s. owner J. H. Andrews, East Liverpool; Plummer Boy, b. g., Ben Davidson, East Liverpool; Elrich, r. g., William Wilkin, London Derry, Ohio; Baby Phillips, New England, Ohio; Ornament, g. g., William Davidson, East Liverpool; Monox, b. g., P. McNicol, East Liverpool; Gentry, r. g., Fitzsimmons.

2:40 pace, purse \$200.—Lucy D. b. m., Gallagher, New Brighton, Pa.; Kawance John, b. g., Jonathan Hay, Pittsburg, Pa.; Paddy Mack, b. g., P. McGarry, Steubenville, Ohio; Billy W., black g., Frank Dickey, East Liverpool; Cottendale, s. g., C. W. ### HE HAS HAD ENOUGH

Justice McCarron Will Hear No More of the McConnell-Waters Feud.

Mrs. Jennie Waters, bound over from "Squire McCarron's" court last week in the sum of \$300 on a charge of libel preferred against her by a neighbor, Mrs. McConnell, the particulars of which were given exclusively in the News Review, is making an attempt to have Mrs. McConnell bound over on a similar charge. Yesterday Mr. Waters, husband of the accused woman, appeared before "Squire" McCarron and stated that his wife was very anxious to prosecute Mrs. McConnell, and that he would give an order on his wages to secure the costs.

The "squire" would not stand for any such doings and advised the man to seek justice elsewhere. Mrs. Waters alleges that Mrs. McConnell openly accused her of being drunk in a house on Broadway.

## HI HENRY CURED

The great minstrel king, in a letter dated Buffalo, Aug. 15, 1902, to the manufacturers of "Blood Wine," says:

"I have been asked so many times lately the cause of my good health and general improved condition, that I feel like letting you know that it has been brought about by the use of your 'Blood Wine,' which I consider a most remarkable remedy."

"The remedy is one of sterling virtue, and without doubt of that nature or drug taste one expects to find in medicine, it being what might be termed a very pleasant beverage, while its moderate cost places it within the reach of all."

"I feel quite certain that a trial will convince the user of its wonderful powers in the recuperation of wasted energy, the awakening of dormant functions and its general building up where a vital tonic is needed. Though not much given to the use of remedies I can most cordially recommend your 'Blood Wine' as being of great value." "Blood Wine" costs fifty cents, great value.

M. E. Local Preachers Urged to Cut Loose From Influence That

## ENCOURAGE LICENSE SYSTEM.

Resolution Adopted at Meeting of the National Association, in Philadelphia—Taylor University Trustees Authorized to Elect a President.

Philadelphia, Oct. 14.—The introduction of a resolution by the committee on temperance urging the members of the National Association of Local Preachers of the Methodist Church to separate themselves from all organizations and influences that aid or encourage the license system, provoked a prolonged discussion at yesterday's session of the forty-eighth annual meeting of the association, now being held here.

Several delegates offered the resolution on the ground that it was an attempt to influence the convention in favor of the prohibition party, to the detriment of the Republican party. The suggestion of politics was repudiated by the supporters of the resolution, and it was adopted.

A resolution was adopted authorizing the board of trustees of the Taylor university, at Upland, Ind., to elect a president and chancellor at the end of the present college term, the office of president being vacant through the death of Rev. T. C. Reade, D. D.

## M. E. PREACHERS ASSIGNED.

Bishop Fitzgerald Announced Stations of Preachers to Pittsburgh Conference.

Pittsburgh, Oct. 14.—The appointments of the ministers of the Pittsburgh conference of the Methodist Episcopal church for the ensuing year were announced by Bishop J. N. Fitzgerald about noon yesterday, in part, as follows:

Allegheny District—G. W. Terhugh, presiding elder, Arch street, W. W. Hall; Perryville avenue, W. F. Connor; Union, D. L. Johnson; Aspinwall, H. L. Chapman; Bellevue, N. H. Holmes; Ellwood City, J. A. Yonken; Holoken, R. B. Carroll; New Brighton, First church, A. J. Asher; Springdale, H. C. Beacom; Ekastown, Ralph Bell.

Baldwin District—Presiding elder, S. T. Mitchell; Elderton, G. W. Hall; Ford City, S. E. Winkler; Greensburg, E. J. Knox; Johnstown, Franklin street, T. H. Woodring; Johnstown circuit, E. P. Dinger; Kittanning, S. E. Rodney; Mahoning, L. S. Peterson; Newberry, G. M. Allison; New Florence, O. J. Watson; New Kensington, M. J. Slippy.

Pittsburgh District—Presiding elder, T. N. Boyle; Oakmont, Solomon Keelder; Butler street, S. E. Lowther; Christ church, E. A. Blake; Herron Hill, to be supplied; Homewood avenue, J. T. Pender; Mt. Washington, L. T. Wilkinson; Walton, J. R. Wolf; West End, David Flanagan; South avenue, Wilkinsburg, T. N. Eaton.

McKeesport District—Presiding elder, J. F. Murray; Addison, Thomas Charlesworth; First church, Bradock, W. P. Turner; First church, Brownsville, W. Medley; Connellsville, A. R. Higg; Dawson, J. D. Brown; East McKeesport, A. E. Elliott; First church, McKeesport, J. W. Miles; Mt. Lebanon, M. W. Hildebrand; Swissvale, J. H. Westwood.

Washington District—Presiding elder, James Mechem; Alleport, to be supplied; California, M. D. Lichliter; Carnochan, S. Wellington; Charlestown, J. C. Burroughs; Chester, E. C. Lindsay; Franklin, J. S. Thompson; Jefferson, J. R. Bly; McDonald, H. M. Carnahan; Monongahela, D. S. Ross; Venetia, D. L. Headlee.

All the other members not named in the above list were sent back to their charges.

A sad shadow was cast over the assembling by the death of a retiring presiding elder, the Rev. Dr. James A. Halantyne. Many addresses were made and resolutions of sorrow were adopted, to be published and sent to the family.

The Rev. P. H. Callahan reported for the Bible society. He lamented the indifference on the part of the churches and earnestly pleaded for larger contributions. Only 1 cent per member was given, making the total gifts of the whole conference only \$6,000. The report magnified the work among the foreigners and asked for more energetic work around Pittsburgh.

The Rev. Dr. William A. Montgomery, president of Allegheny college, made the address on behalf of his college and said that it has now in attendance more students than ever before in all its history. Prof. Frank C. Laughlin, of the same college, made an additional address, highly complimenting the work of President Montgomery. President J. W. Riker, of Mount Union college, told of the great prosperity of that institution.

The Rev. Dr. Frank Lynch, of Philadelphia, secretary of the Church Extension society, made another appeal in the interest of his work and wanted enough money to build 1,000 new churches at once. It was reported that the treasury of the Twentieth Century Fund Commission has on hand about \$2,000.

A conference adjourned at 1:30, to meet next year at the Emory church, East End.

## Almost Killed by Strikers.

Seranton, Pa., Oct. 14.—Orlando Schooley, who was taking a crowd of newly recruited men to work at the Edgerton colliery in Jermyn yesterday afternoon, was set upon by a mob of 100 and beaten badly with clubs and it is feared he will not live. When taken to the Emergency hospital at Carbondale it was found that his back was broken. The crowd of recruits who were with Schooley were allowed to go unmolested upon their agreeing to take a train out of town. They told that they came from Noxen, Wyoming county, and that they were to be given jobs as firemen at \$2 per day. A company from the Thirtieth regiment camp at Olyphant arrived at the scene of the assault in a special train after the mob had dispersed.

## Baer Re-Elected President.

Philadelphia, Oct. 14.—At the adjourned annual meeting of the Philadelphia and Reading yesterday the old board of directors and officers was re-elected, including George F. Baer, president.

Jim Dumps once had "Force" analyzed. "That food," the Chemist criticised, "Whole wheat and barley-malt contains; They strengthen muscles, nerves and brains; Bring Health's own glow, renew life's vim. That's why 'Force' made you 'Sunny Jim.'"

### THE SHOOTING UNJUSTIFIABLE.

Coroner's Jury Decides Regarding Killing by a Militiaman.

Shenandoah, Pa., Oct. 14.—The coroner's jury in the case of William Durham, who was shot and killed on Wednesday night last by Private Wadsworth, of the Eighteenth regiment, national guard, yesterday returned the following verdict:

"We find that William Durham came to his death on Oct. 8, 1902, at Shenandoah, by a gunshot wound, inflicted by Arthur Wadsworth, of Company A, Eighteenth regiment, N. G. P., and from the evidence before us and an examination of the premises on West Coal street, we believe the shooting was hasty and unjustifiable, and we recommend that the matter be placed in the hands of the district attorney for investigation."

### Do It Now.

There is no time like the present to begin taking Wright's Celery Tea if you have no appetite and you do not relish the food you eat. Its tonic influence will stimulate the nerves of the stomach and create a normal flow of gastric juice; thus sharpen your appetite, better than anything you can take. It will also act upon the blood and liver, vitalizing and purifying it of all waste matter. It is a combination of the curative properties of the celery plant and many other roots and herbs of a high medicinal character. At a nerve tonic, alternative laxative and diuretic that is unequalled in building up a run down condition of the system. If your druggist does not keep Wright's Celery Tea, ask him to get it for you, or send to Wright Medical Co., Columbus, O., 25c and 50c.

## OPERATORS PROPOSE ARBITRATION.

Morgan Submitted Draft of Statement to Public to President Roosevelt.

### CONFERENCE HELD AT WHITE HOUSE LAST NIGHT

The Great Financier's Partner, Bacon, and Secretary Root Also Were Present.

### MITCHELL REFUSED TO TALK REGARDING THE PROPOSITION.

He Was Shown a Synopsis of Statement, but Declined to Make Any Comment and Immediately Retired. Refused to Get Up, When Full Copy Was Taken to Strike Headquarters. The Statement Abuses the Miners' Organization—Proposed Constitution of the Suggested Arbitration Committee.

Wilkesbarre, Oct. 14.—President Mitchell, when shown a synopsis of the statement issued from the White House early this morning, in which the operators agree to arbitration, he refused to make any comment and immediately retired.

A few moments later a full copy of the statement was brought to strike headquarters, but he refused to get up to see it. The correspondents talked to him through the transom of his bedroom and in answer to further questions he said he knew about what the statement contained.

### Statement First Shown Roosevelt.

Washington, Oct. 14.—By authority of Mr. J. Pierpont Morgan, who, with his partner, Robert Bacon, and Secretary Root, were in conference with President Roosevelt at the temporary White House last night for an hour and a half, a statement was given out by Secretary Cortelyou, in which the presidents of the coal carrying railroads and nine operators propose a commission of five persons to adjust the differences and settle the coal strike in the anthracite coal fields of Pennsylvania. The proposition is believed by the administration to be satisfactory to the miners, as it covers the proposition made by President Mitchell, of the United Mine Workers' union, with additional conditions which it is believed the miners will accept.

### The statement is as follows:

#### Text of the Statement.

Mr. J. Pierpont Morgan came to Washington with his partner, Mr. Bacon, at the request of the coal companies, who desired that as a matter of courtesy their statement should be shown to the president before it was made public. Having been laid before the president, by Mr. Morgan, it is now given to the press:

### TO THE PUBLIC:

The managers of the different coal properties comprising the anthracite coal fields wish their position in the present strike to be understood, and, therefore, make the following statement of facts:

There are in the anthracite regions about 75 operating companies and firms, and 147,000 miners and workmen (of which 30,000 are under age), comprising some 29 nationalities and dialects.

Of these workmen, possibly one-half belong to the United Mine Workers' union, of which Mr. John Mitchell is president. That organization was originally formed in the bituminous coal region, and three-fourths of its members are miners of bituminous coal, and bituminous coal is sold in active competition with anthracite coal. The remaining workmen in the anthracite fields either belong to no union whatever or do not belong to the mine workers' union.

### Many Working; Others Afraid.

The present strike was declared by the mine workers' union on the 10th day of May, 1902. Since that time many workmen not belonging to or not willing to follow that organization were working in and about the mines. From 17,000 to 20,000 are now at work. Many more have wished to work, but have been prevented by a course of violence and intimidation towards those working, and towards their families, accompanied by the destruction of properties and the fear of death or bodily harm to every man who wishes to exercise his right to work.

A schedule is annexed hereto showing some of the things done to create this reign of terror, and every instance stated can be verified by reference to the officers of the law—civil and military—in the anthracite region. This violence has continued and steadily increased, notwithstanding repeated disavowals by Mr. Mitchell, and it is clear that he either cannot or will not prevent it, and that the rights of the other workmen cannot be protected under the su-

## Nobility Recommends Nervine.

The above portrait is that of Countess Mogelstud, of Chicago, Ill., whose gratitude for the benefit received from the use of Dr. Miles' Nervine prompted her to make this statement:

"It affords me great pleasure to add my testimony to the very excellent merits of Dr. Miles' Nervine. Although I am past 80 years of age I find it soothes the tired brain, quiets the irritated nerves and insures restful sleep. I never feel contented without a bottle of it in the house." Gratefully yours, CHRISTIANA MARIA, Countess Mogelstud.

### premary of the mine workers' union.

The coal companies believe that the wages paid in the coal regions are fair and full, and that the business in its normal condition has been able to stand if the capital invested is to have any reasonable return. The profits have been small, several of the companies have become bankrupt and been reorganized several times. Several have never paid dividends and the dividends of the others have been a small return for the capital invested. It is not, however, the purpose of this statement to discuss this question. The undersigned are not, and never have been, unwilling to submit all questions between them and their workmen to any fair tribunal for decision. They are not willing to enter into arbitration with the mine workers' union, an organization chiefly composed of men in a rival and competitive interest, and they are not willing to make any arrangement which will not secure to the men now working, and all now or hereafter wishing to work, whether they belong to the mine workers' union or not, the right and opportunity to work in safety and without personal insult or bodily harm to themselves or their families. For these reasons the arbitrations heretofore proposed have been declined.

### Offer Previously Made.

It will be remembered that at the conference in Washington October 3, we made the following offer: That we would take up at each colliery any alleged grievance, and in the event of a failure to make satisfactory adjustment the questions at issue to be submitted to the final decision of the judges of the court of common pleas of the district in which the colliery is located. This offer was made by us in good faith and we desire here to reaffirm it.

The coal companies realize that the urgent public need of coal, and the apprehension of an inadequate supply for the approaching winter, calls for an earnest effort to reach a practical conclusion which will result in an increased supply, and the presidents of the companies desire to make every effort to that end which doesn't involve the abandonment of the interests committed to the men who are working and seeking to work in their mines. This responsibility they must bear and meet as best they can.

They therefore re-state their position: That they are not discriminating against the United Mine Workers, but they insist that the miners' union shall not discriminate against or refuse to work with non-union men; that there shall be no restriction or deterioration in quantity or quality of work, and that owing to the varying physical condition of the anthracite mines each colliery is a problem by itself.

We suggest a commission to be appointed by the president of the United States (if he is willing to perform that public service), to whom shall be referred all questions between the respective companies and their own employees, whether they belong to a union or not, and the decision of that commission shall be accepted by us.

### The commission to be constituted as follows:

1. An officer in the engineer corps of either the military or naval service of the United States.
2. An expert mining engineer, experienced in the mining of coal and other minerals, and not in any way connected with coal mining properties, either anthracite or bituminous.
3. One of the judges of the United States courts of the Eastern district of Pennsylvania.
4. A man of prominence, eminent as a sociologist.
5. A man, who by active participation in mining and selling coal, is familiar with the physical and commercial features of the business.

### Miners to Return to Work.

It being the understanding that im-

mediately upon the constitution of such commission, in order that idleness and non-production may cease instantly, the miners will return to work and cease all interference with and persecution of any non-union men who are working or shall hereafter work. The findings of this commission shall fix the date when the same shall be effective, and shall govern the conditions of employment between the respective companies and their employees for a term of at least three years.

A note appended to the statement read: "The schedule referred to in this statement was not brought from New York as it had not been completed."

## MANY BIG MINES

ARE BEING OPENED IN VICINITY OF DILLONVALE.

Wheeling, Lake Erie & Alliance Railroad Hauling Coal From Mines Near That Town.

The coal development in eastern Ohio inside of a year or two bids fair to make it a rival of the famous Hocking and Jackson districts of the state. For proof of this statement one need only go over the country from Portland Station to Adena, the thriving town out the Wheeling & Lake Erie railroad about thirty miles. Six big corporations are starting mines at as many different points between the river front and Adena and more are contemplated.

The Portland Coal company has a new mine just ready to open at Connersville, the United States Coal company is about ready to start their mines located on Dry Fork, the Jefferson company will be ready to ship coal in a few days from their new mines on Piney Fork, the Upstill company will be loading coal from a temporary tippie at their new mine near Mt. Pleasant Station, the Roby Coal company has a mine about ready to start near the Long Run tunnel, and the O'Neal Coal company is opening a mine west of the Long Run tunnel.

The Upstill company was formerly known as the Lone Tree Coal company and one of the prime movers in it is M. Gallagher, well known in this city. They have a valuable coal field and will develop extensively. The Roby company owns quite a tract west of Long Run and are ready to do a lot of work. The O'Neal company, it is said, will make two openings.

It is the United States Coal company, however, that proposes to develop on a colossal scale. They have nearly twenty thousand acres of coal and have nine mines opened and almost ready for business. These mines are all located on Dry Fork. The Jefferson company will operate two mines and one of them is already doing business.

One reason for delay in getting the mines started to work is that the Lake Erie, Alliance & Wheeling railroad was not completed as soon as expected. They have had a schedule as far as Hopevale, 20 miles from Dillonvale, and have run freight cars on to the Jefferson mines, which are reached by a branch running up Piney Fork. That brings the railroad within four miles of Dillonvale and it will be in shape to run over the remainder of the road before many weeks have passed.

The Jefferson road started to get out coal just as soon as the railroad company was able to reach them with coal flats, and it will be the same story with the United States company in a few days. It will not be long till they are able to run over the entire route to Dillonvale. It is not known that they will run passenger trains to this end of the road as soon as the road bed is completed, but it is likely they will.

## ALARM IN SHANTYTOWN

Sudden Rise of the River Caused Uneasiness Among Tenants of House Boats.

Owing to the sudden rise of the river the shanty boat districts have been the scenes of some distress. The boats have been beached for several months and as is always the case a certain amount of the calk fell from between the boards on the bottom of the boats. When the water rose and surrounded the boats it was but a few minutes until many of them were half filled with water. Simon Haught, the owner of one of the boats, applied to Officer McDermott for aid and the officer immediately delegated several men to help the unfortunate river man out of distress.

A boat belonging to Mrs. Knapp was also partially submerged. By the use of pumps and diligent application of guscles the water was finally exhausted. It is said that Haught's wife and children were for a time in great danger.

To relieve the minds of those who possibly think that Columbian park is going to be the scene of faking, the mayor states that not one game of

## EYES SPEAK

Volumes, at times, of woman's happiness or misery. The dull, sunken eye, with its dark circles almost surely speaks of womanly ill-health, and its attendant suffering. With the dull eye goes usually the sallow, sunken cheek, the drawn mouth, the shrunken form—the whole glory of woman's beauty marred by the effects of disease.

Dr. Pierce's Favorite Prescription cures the diseases which undermine the health and mar the beauty of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter first, and so obtain the advice of a specialist upon their disease. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your medicine," writes Mrs. Pierce Geise, of 822 West Phila. Street, York, Pa. "I will recommend Dr. Pierce's medicine to every person who may inquire as to what it has done for me. I was troubled with female weakness, and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was not pounds, at present it is 125. I have healthy color and my friends say I look well. My best thanks to you and my best wishes, too, for what you have done for me."

### JOYOUS RECEPTION

TENDERED REV. DR. M. B. PRATT  
AND WIFE LAST EVENING.

Churches And Business Men of the  
City Unite in Welcoming New  
M. E. Pastor.

The reception and greeting which was given by the First M. E. church last evening to Rev. Dr. and Mrs. M. B. Pratt, will long be remembered by the minister and his wife, as well as their many friends, not as a mere welcome to their new work, but as an event abounding in cordial greetings and good will of the members of other churches of this city, as well as of the Methodist.

The large lecture room of the church had been previously decorated with vines, potted plants, chrysanthemums and other choice flowers. In the front of the room the stars and stripes were draped about the large word "Welcome," while decorations were carried out quite tastefully in the rear of the room as well.

The first of the evening was spent in handshaking and greetings, followed by the general assemblage singing "Blest Be the Tie That Binds."

E. L. Henderson, chairman of the evening, requested that Rev. B. H. Hodgson make the opening prayer. The program which had been arranged then followed.

C. L. Gray gave an introductory address, followed by Rev. Dr. Pratt in behalf of the church. Miss Agnes Jones then played a piano solo, "Autumn," by Charmade. Rev. Dr. J. C. Taggart made a fitting address in behalf of the ministerial association. "Greeting," by Rev. Dr. David Jones, of the M. P. church, was followed by a quartet which sang in a pleasing manner the well known lullaby, "Sleep Kentucky Babe." Following this C. R. Boyce made very fitting remarks on behalf of the business men of the city and welcomed Dr. Pratt to the church and the city.

Prof. R. E. Rayman was called upon to represent the public schools, and gave an excellent address which was highly appreciated.

Dr. Pratt responded, thanking the host of friends present for the cordial welcome extended to him.

The program completed the remainder of the evening was spent in social conversation, meanwhile the ladies of the church served light refreshments.

### BIRTHDAY SURPRISE

Friends Bring Gifts to William Swindell—Rev. Edwin Weary Also Remembered.

A very enjoyable surprise party was tendered William Swindell, on Pennsylvania avenue, last evening. Over 30 couples were present, made up of members of St. Stephen's Episcopal church and many of Mr. Swindell's fellow workmen at the Thompson pottery. The occasion was the celebration of Mr. Swindell's sixtieth birthday.

The aged gentleman was presented with an elegant upholstered chair by his children, who had prepared the surprise for their father. Rev. Edwin

Weary and wife were present at the reception and the reverend gentleman was made aware of the fact that it was also his birthday, both being presented with a smoking set. The evening was spent pleasantly. A fine luncheon was served. The company did not disperse until a late hour.

Four Special Officers—H. P. Stevenson, track manager of the fair, appeared before Squire Rose this morning and had four men of Steubenville, H. M. Keeley, Simon Merriman, John Dodds and Robert H. Cable, sworn in as special constables to act in that capacity at the fair grounds.

Boy's Nose Broken—The little son of Architect A. W. Scott, of Walnut street, met with a most painful accident yesterday. While playing with another boy he was pushed out of a tree and fell upon his face, breaking his nose. Dr. Kirk was called and did everything possible for the little fellow.

A Base Fabrication — "That paper must think that I am an easy mark," said Squire McCarron this morning speaking of a story published in a local paper, stating that a warrant had been preferred before him for the arrest of a trio of alleged thugs who committed an alleged daring deed in the West End last night. The 'squire continued: "It is a contemptible lie. It is an outrage for a paper to make a statement like that."

A Theater Party—The Hinky Dink club, composed of 20 couples, will attend the show at the Grand tonight in a body. They have made great preparations and anticipate a most enjoyable time. Upon entering the theater the orchestra will strike a march, and to the lively strains the club will file up to the center of the house, where they will be seated in chairs decorated with club colors. A. G. Minehart, president of the club, will chaperon the party.

## BUSY SESSION HELD BY CRIMINAL COURT

Over Two Score of Saloon Men Arraigned For Operating Slot Machines and Other Alleged Violations.

## EAST LIVERPOOL MEN ALL PUT UNDER BOND

A Salem Man Succeeded in Getting a Batch of Liquor Men In That City Indicted.

## SEVERAL LOCAL SELLERS WHO PLEADED GUILTY WERE FINED

Lisbon, October 14.—(Special).—There was much activity in criminal court yesterday afternoon, a large number of liquor and slot machine cases being disposed of. Some pleaded guilty and received their sentences while a number maintained innocence and were put under bond for their appearance.

A motion to quash a large number of the slot machine indictments, made by Attorney W. F. Lones, of Wellsville, included all the East Liverpool cases of this character, and the persons indicted were put under bond of \$200 each.

It seems that saloonists D. A. Devine and James Larkins, of East Liverpool, farmed out a large number of slot machines in the city, agreeing to stand by proprietors who accepted them in case the law was enforced. Attorney Lones is counsel for Devine and Larkins, and when the former was arraigned based his motion to quash on the ground that the par-

ticular kind of a slot machine used by his clients was not a gambling device. The court was ready to hear the argument in the case, but it was deferred and no time set.

The names of those indicted and who gave bond to answer for slot machines follow: I. N. Crable, John Michaels, Stella Mayer, D. A. Devine, John Oleson, Jacob Seitz, Ida Tucker, M. O'Malley, J. J. McFadden, R. E. Dorsey, C. Smith, G. W. Wells, Charles Hayden, C. L. Hineman, William Thompson, J. C. Owens, Terry Carman, James Walter, Joseph Vorndran, Charles E. Bowers, Henry Hentzell, William M. ## LUTZ IS GIVEN THE DECISION

The Local Boxer Victorious in the Contest With "Buck" Steltzer Last Night.

Fully 100 local sports cheered Larry Lutz to victory in his bout with "Buck" Steltzer, of Columbus, at Beaver Falls last night. The contest was of 15 rounds and was won by Lutz in the last round on a foul after about two minutes of the hottest kind of boxing. Both men boxed cautiously all the way through, and with the exception of the fourth and fifteenth rounds the fight was rather tame.

In the fourth round Lutz was the

aggressor. He started in with determination, and seizing an opportunity landed a terrific blow on Steltzer's jaw knocking him to the floor. The lad from the Capital City recovered quickly, however, and when the gong sounded was fighting desperately.

In the fifteenth round both men threw caution to the winds and sailed in, each bent on landing a knock out blow. Once more Lutz landed a

## HOPEFUL OUTLOOK IN COAL REGION

YET STRIKERS OBJECT TO SOME PARTS OF ARBITRATION.

Convention of Miners to Discuss the Situation—Everything Quiet Today.

Wilkesbarre, Pa., October 14.—(Special).—Strikers object to some clauses of the offer to arbitrate. Three district presidents are on the way here. They will hold a conference immediately after their arrival. The situation, summed up briefly, is still mixed, but the outlook is hopeful.

President Mitchell stated at noon that no settlement can be made by officers of unions without the consent of the convention. The situation remains unchanged at the collieries, with every prospect of it remaining so while present plans of arbitration are under consideration. Soldiers were sent through the outlying territory as usual but found nothing to do.

## CAR RAN BACKWARD

Passengers Had a Fright—Some Jumped, But Nobody Was Hurt.

Street car No. 8 of the East Liverpool and Wellsville line took a fit on Washington street last evening at about 4 o'clock, and as a result 57 passengers were thrown into a furor of excitement and for a few moments a panic prevailed.

The car was ascending the hill and had reached a point between Third and Fourth streets when the electric power very suddenly gave out. Before the motorman could apply the brakes the car started on a backward run. The male passengers aboard ran to the rear of the car and madly jumped out into space, while the lady passengers wrung their hands and screamed wildly for delivery from their own plight. At every turn of the wheels the momentum of the car increased and before it reached the alley on the upper side of Second street was going at a great speed. However, when the car reached the level the motorman gained control and the hill was ascended without further trouble.

## SERIOUSLY CRUSHED IN AN ELEVATOR

Lawson Pasco, a Warehouseman, Badly Hurt at the Laughlin No. 3 Plant.

## CAUGHT IN THE GATEWAY

His Arm Was Broken And His Leg And Back Injured—A Very Narrow Escape From Instant Death—Recovery Looked For.

What came near being a fatal accident occurred at the No. 3 plant of the Laughlin China company late last evening. Lawson Pasco, a warehouseman, was caught in the freight elevator and received injuries which will lay him up for several months.

Pasco, about 3 p. m., attempted to board the elevator just after it had started up from the first floor. He gained a footing on the floor of the elevator, but just then the gate of the gateway came down and caught him across the back. The elevator carried him up and the gate was holding him down. When the second floor was reached the gate was broken and the body of the man was rolled against the second floor. He soon broke loose and fell to the floor below, a distance of some 15 feet.

The body was picked up and placed on a stool and Dr. W. E. Mowen and Dr. O. M. Hendershott were summoned. The physicians made a hurried examination and ascertained that the man was badly injured and ordered his removal to his home. A message was sent to the patrol station, but as the wagon was at that time engaged, it was some time before the wagon arrived, in which Pasco was taken to his home in the Klondike district.

An examination of the injuries developed the fact that he was in a very bad condition. His left arm was broken just at the point where it entered the shoulder blade. His right leg was also cut in such a manner that it required 22 stitches to draw the wounds together. It was also ascertained that Pasco's hip and kidneys were injured and the physicians state that it will be some time before he can recover, if he is ever able to be about as usual again.

The attending physicians stated to-day that Pasco will recover, but it will require careful nursing and close attention to bring him through.

## MERCER WANTED HIM

John Goodwin, of This City, Received And Declined a Most Flattering Offer.

John Goodwin, the favorite of local baseball fans, has refused the offer of his life. Last Saturday he received a telegram from Win Mercer, asking him to come immediately to Cleveland, there to join the All-Americans in their trip through the west and stay with them during the winter tour of California.

Mercer wanted him to play the field with the team. Goodwin realized full well the opportunity, but decided to let it drop.

## Wedded by the 'Squire.

'Squire H. P. McCarron performed a very pretty wedding ceremony on the evening of October 11, when he united in marriage Miss Mary Russell and Wilson C. Bradford, both highly respected young people of the city. The bride was bright and winsome and the groom was all that a charming girl could desire. The 'squire prophesied a happy future for the couple.

## STONEMASON STRUCK BY HEAVY PIECE OF IRON

As the result of a terrible accident yesterday afternoon at about 3 o'clock Benjamin W. Hall, foreman of the stonemasons working on the new bridge being built in the West End by the Pennsylvania railroad company, is suffering intense pain and in an extremely critical condition at the home of Joseph Bucey, 451 Jethro street.

Mr. Hall was working on an elevated portion of the bridge, when a heavy piece of iron broke from a derrick that was overhanging him and struck him on the head and right side. Reeling backward the unfortunate man fell to the bottom of the gulley, a distance of twenty feet.

## BROWN CONVICTED AND GIVEN 4 YEARS

East Liverpool Man Who Robbed Aged John Mack Tried and Sentenced.

## HIS RECORD AGAINST HIM

And Judge Hole Promptly Made His Sentence a Strong One—Salem Horse Thieves' Case Aired in Court Yesterday Afternoon.

Lisbon, October 14.—(Special).—The case of John Brown, of East Liverpool, charged with robbing an old man named John Mack, in an alley near the Diamond in East Liverpool, was tried by a jury this morning.

The evidence showed that Brown, with a companion enticed the old man into an alley where they knocked him down and took his pocketbook containing \$6. Brown was seen coming out of the shed with the old man and immediately began to declare it was a shame for anyone to assault an old man.

The jury returned a verdict of guilty. Brown having once before served a term in the penitentiary, Judge Hole sentenced him for four years.

Robert and Philip Eckhart, both of Salem, charged respectively with stealing horse, buggy and harness, and assault and battery were brought into court this morning and permitted to change their pleas.

Roberts pleaded guilty as charged and was sentenced to the Mansfield reformatory where he must remain at least a year. Good behavior may secure his release after that before the limit of seven years has been served.

Roberts, with a companion, hired a horse and buggy last summer at F. E. McIntosh's livery stable in Salem to drive to Lisbon. Instead they went to Youngstown and finally to Huntingdon, Pa., where the turnout was sold. McIntosh advertised for his stolen property and this led to the arrest of Roberts.

Eckhart admitted his guilt as charged and was sentenced to 30 days in the county jail. Prosecutor Brookes stated to the court that the grand jury was reluctant to indict Eckhart because of the character of Harry McCartney, whom the defendant had assaulted and showed that there were extenuating circumstances. Eckhart promised to do better and the court made his sentence light.

In the case of James Ryan, of Salem, charged with shooting Edward Mackey, with intent to kill, Attorney George Farrell, counsel for the defendant, asked the court to issue a commission permitting the taking of Mackey's deposition on written interrogatories, Mackey being now in Pennsylvania. Prosecutor Brookes objected and insisted on the right to be present when the deposition was taken and to question Mackey orally. Judge Hole decided that the state must file written interrogatories.

The case will be heard next week.

## TAX IS LEGAL

Dow Tax Can Be Collected From Those Engaged in Unlawful Business.

Columbus, October 14.—(Special).—Pursuant to a request from Auditor of State Guilbert, Assistant Attorney General Todd formulated an opinion relative to the collection of the Dow tax from persons who sell liquor in violation of the laws regulating this traffic. The Cain law enacted last winter authorizes the employment of in-

## FIRST TRI-STATE FAIR OPENED HERE TODAY CONDITIONS FAVORABLE

Indications Considered Flattering for Good Races, Although the Weather is a Trifle Cold.

The first tri-state agricultural fair ever held in this city opened this morning at Columbian park under circumstances that were most encouraging. After the almost continuous rain of several days it was indeed a pleasant surprise to the management of the fair when the day started clear and cool, giving an assurance of an ideal fair week.

It was feared yesterday that the track would be slow, owing to so much rain but the cool wind that commenced stirring early last evening dried the soggy portions and a faster track could not be desired.

Until noon today bunches of horses arrived in the city from all directions. Those coming from points up the river had no difficulty in reaching the city but those from Steubenville encountered nothing but delay and trouble. Two carloads left Steubenville Saturday afternoon and did not get here until this morning. The owners of the horses were up in arms

but their kicks registered amounted to naught. The men who drove their horses through arrived Sunday and gained many points.

The men appointed as starters had their troubles in the 2:40 pacing race this afternoon. The track is so narrow that horses can only be started four abreast, and when the dozen left the wire it was very hard to tell whether or not the horses were started as scheduled.

The special features of the fair were enjoyed highly by the fair sized crowd which was in attendance. Cute, the driverless pacer, was the cynosure of all eyes. She has a mark of 2:05 1/4. The two dogs, Max and Rex, owned by Prof. Spoerhase, were also pleasing attractions. They drive two horses, Hummingbird and Nan Wilkes, at a 2:22 gait.

Special police kept good order at the park all day. They are old hands at the business and were imported

## BOARD PLAN FOR CITIES FAVORED

Code Conference Committee Finally Decides for It—Sudden Change of House.

Columbus, October 14.—(Special).—The code conference committee last evening decided in favor of the board plan of government for Ohio municipalities. The departments of public safety and public service have been merged and will be known as the board of public service and safety. It will consist of from three to five members, as council directs, to be elected by the people. It is a modification of the Nash plan, which provided for two boards.

The house declared for single elective head departments, but the conferees of this body weakened and were forced to adopt the compromise prepared by those of the premier body. The turn affairs took at the meeting was unexpected and has created astonishment. It was generally thought that the house committee would not waiver in its position in favor of one-man boards, and its complete capitulation to the senate committee has

taken the breath out of many of the members. The notion that they were irrevocably committed to the one-man plan was evidently a misapprehension.

The village code was taken up and disposed of. Village officers will serve two years. Then the proposition to unite the departments of public service and public safety was pushed through. This board will have unlimited powers. It will control every department, including water works, fire and police. Much of the code will have to be altered to make it conform to this radical change. Some sort of a merit system will be adopted. Council will have only legislative powers.

A resolution by Senator Archer to have one director of public safety in cities from 5,000 to 10,000, three in cities of 50,000 and five in other cities, was defeated. The section regulating ticket brokers was taken out of the code. The governor was given power to remove mayors for cause.

## FIGHTERS ARRESTED

ENGAGED IN A LIVELY MATCH IN THE WEST END.

John Allison Gets Out of Jail And In Again—Other Arrests Last Night.

While engaged in a pummeling match in the West End early last evening Charley Reed and "Cripp" Cain were arrested by Officer Aufferdeide. It is said that the pair made things lively a few minutes in that usually quiet section of the city. A charge of disorderly conduct by fighting was preferred against them by the arresting officer and they were allowed freedom on their promise to pay the mayor this evening.

Officer McDermott found Homer Thompson, of Chester, in a terrible state of intoxication in the smoky districts last evening. He is incarcerated in the city jail awaiting a hearing. Charley Fletcher was so beastly drunk that it required Officers Aufferdeide and Dawson to arrest him. The patrol was called and he was placed in durance.

Feeling so joyful over his release from the county jail where he had lain practically all summer awaiting action of the grand jury on his case, he being charged with horse stealing, John Allison took a few too many drinks yesterday and he now will have the pleasure of facing the mayor again. He was arrested by Officers Ruhe and Rose. A grocery delivery wagon was used in hauling him to the jail.

## WITH THE WORKMEN IN THE CLAY PLANTS

### OHIO GREATEST POTTERY STATE

The following census report on pottery will be of much interest to the potters of this city:

The number of firms from Ohio were 113; value, \$8,573,324; per cent. of total product, 43.30. New Jersey, number of firms reporting, 43; value, \$5,263,651; per cent. of total product, 26.59. Pennsylvania, number of firms reporting, 47; value, \$1,390,873; per cent. of total product, 7.03. New York, number of firms reporting, 25; value, \$1,165,325; per cent. of product, 5.89. Illinois, number of firms reporting, 29; value, \$776,773; per cent. of total product, 3.92. West Virginia, number of firms reporting, 6; value, \$631,841; per cent. of total production, 3.19. Maryland, 8; \$436,617; 2.21. Indiana, 15; \$325,900; 1.65. Minnesota, 3; \$436,395; 1.48. Massachusetts, 18; \$238,724; 1.21. Kentucky, 10; \$131,497; .66. Texas, 24; \$87,464; .44. Missouri, 18; \$71,474; .36. Connecticut, 5; \$61,250; .31. Tennessee, 19; \$49,555; .25. Iowa, 7; \$36,589; .18. Michigan, 17; \$34,317; .17. Arkansas, 7; \$26,280; .13. California, 10; \$24,387; .12. Georgia, 25; \$24,387; .12. Alabama, 27; \$20,296; .10. North Carolina, 29; \$18,863; .10. Colorado, 3; \$17,944; .09. South Carolina, 13; \$17,633; .09. Oregon, 3; \$17,290; .09. Mississippi, 7; \$14,451; .07. Kansas, 3; \$14,061; .07. District of Columbia, 3; \$10,873; .06. Washington, 5; \$9,434; .05. Utah, 4; \$6,600; .03. Louisiana, 3; \$4,300; .02. Virginia, 6; \$3,110; .02. Total number of firms reporting, 561; value, \$19,798,570; per cent. of total product, 160.

Ohio continues to be the leading pottery producing state in the union, making all the varieties enumerated except bone china, etc. The values of its product in 1899 was \$6,996,045, or 40.56 per cent. of the total, and in 1900 its product was valued at \$8,573,324, or 43.30 per cent. of the total. The number of firms reporting in this state for 1899 was 118, while for 1900, 119 reported, 6 of which were idle. New Jersey is again second, with a product valued in 1900 at \$5,263,651, or 26.59 per cent. of the total, as compared with \$5,070,566, in 1899, or 29.39 per cent. of the total. The number of firms reporting in this state for 1900, was 45, of which two were idle. In 1899, 46 reported. New Jersey is the largest producer of sanitary ware, and was the first to introduce the solid porcelain bath tub, a branch of the trade which is growing rapidly. Ohio and New Jersey in each of the last three years produced 70 per cent. of the total products of the country.

Pennsylvania was third in each year, and Illinois fourth in 1899, while in 1900 New York was fourth and Illinois fifth, and West Virginia was sixth in both years. Briefly summarized, the report shows that Ohio produced over 43 per cent. of the pottery made in the United States in 1900; New Jersey and New Hampshire together over 26 per cent; Pennsylvania a little in ex-

cess of 7 per cent.; New York, including the electrical supplies made in Indiana, and the china made in Ohio, nearly 6 per cent, and Illinois slightly less than 4 per cent. The balance is scattered among the other states, none exceeding 3 per cent.

### MANUFACTURERS PLEASED.

No class of manufacturers along the Ohio river were more pleased to note the sudden rising in that beautiful and mammoth stream than the manufacturing potters of this city. To them it means more than can easily be imagined. For months ware had been piling up in local warehouses, packing sheds and shipping points, owing to the inability to get service by railroads. The wharfbow was today packed to its full capacity with ware and it will all be shipped to points down the river just as soon as the boats arrive. In figuring on how much of the local product is shipped by river the majority fail to conceive that all of the ware is not shipped simply to towns along the waterway. Hundreds of casks find a stopping place at the river town, but twice the number are simply transported to some extensive shipping point, Cincinnati or Louisville, for instance. From those points it is shipped by railroad to towns and cities all over the world. Captain Gus Martindill, of the wharfbow, states that East Liverpool manufacturers ship more goods by river than are shipped from any other city of its size between Pittsburg and Cairo. Captain Martindill has his boat in readiness to accommodate the shippers and anticipates no difficulty in supplying boats for the demand. Men who live practically on what they can make by roasting at a wharfbow find the local boat a harvest. They get paid as high as 60 cents an hour for their work, the price paid depending altogether on the rush required in getting the freight aboard. Casks are generally heavy laden with ware and the roustabouts complain of the strenuous work necessary, but are well satisfied to do it at the rate of sixty cents.

### WANT IT UNIONIZED.

The Trent Tile company, of Trenton, last week received a notice from the National Tile Pavers' union, demanding that its plant be unionized. In case of failure to comply with the request of the union, the notice says that its members will be instructed to refuse to handle the product of the local concern, which, in other words, means placing the company on the unfair list. There is another demand, which, in the opinion of the heads of the company, is from a financial point of view, of more importance than placing the shop on a union basis. The demand is that the company follow out the custom in vogue among other tile pavers in New York and other large cities, who receive their tile arranged ac-

cording to their design on paper. The paper after the tile is arranged in the shop, is laid over the surface with a thin coating of shellac. This enables the pavers to lay the tile on the cement base in squares. After the tile is laid the paper is removed, thus doing away with the old system of placing each tile separately. There are about 200 girls employed at the shop and about 100 male employees.

### WORK RUSHING AT DRESDEN.

Since the commencement of operations at the Dresden pottery it is said that business was never more rushing nor ever in a more flourishing condition than at present. It is stated that last week there was more ware packed and shipped than in any other week in the history of the plant. Yesterday a full carload was shipped to Oklahoma and orders are on hand that will keep the packers busy until the holidays. The men of this department worked until 9 o'clock every night last week and expect to continue working overtime for several weeks.

### SECRET DIED WITH HIM.

William P. Brookes, whose death occurred at Toronto Friday night, was the possessor of a secret formula for making an oil which is used in all the decorating departments of the potteries. The oil was made and shipped by Mr. Brookes to wholesale potters' supply houses. From there the oil was distributed all over the country. While it is said, no pottery used any great quantity of the oil in a year, the secret of its manufacture and its superior qualities made it quite valuable.

### COOPERS ARE SCARCE.

A scarcity of coopers is becoming quite apparent among the potteries. Owing to the daily increase in shipments it is absolutely necessary that coopers put in steady time and then it is being found that enough barrels for the warehousemen can not be supplied. It is said that one cooper shop is idle for the reason that men of that trade cannot be secured.

### POTTERS AT PRIZE FIGHT.

Among the big crowd of East Liverpool people who attended the fight at Beaver Falls last night there was a large contingent of pottery workers. The majority of them laid off early to get ready for the trip. Lutz was championed by all and no bets were made.

### RESIGNED HIS POSITION.

Arthur Lowe has resigned his position as straw boy at Cartwright's and accepted a similar position at the Dresden.

### RECOVERED FROM ILLNESS.

Columbus Rigby, after a three weeks' illness, has returned to his work at the Standard. He is a kiln hand.

## MRS. EVANS' SAD CASE

Continues to Roam the Street And to Beg That Her Child Be Restored to Her.

Mrs. Eva Evans, the deserted wife continues her seemingly aimless roaming around through the streets, and attention to her is attracted from all sides. She is worrying the police and justices of the peace almost into distraction by her continuous stories and appeals for help in getting back her baby, which, it is said, is in the hands of people far more able to give it proper attention than she would be. A physician who attended the sick child avers that Mrs. Evans did not give her baby the necessary attention and says this is the cause of its sickness.

The bereaved woman is thought to have become demented as the result of worrying over her loved one, and it is contended that she should be tried by a lunacy court. Satisfactory word has not been received from her relatives or friends at West Newton, Pa., to whom she applied for assistance and now she implores money for her transportation to Pittsburg, where she thinks she can gain admittance to a hospital for herself and children. She states that she does not want to see her husband again, but will do all within her power to locate him if the county authorities so desire.

### THAT DOG MUST DIE

OR ITS OWNER WILL SUFFER A  
SUIT FOR DAMAGES.

Statement Made on Authority of Justice McCarron—Policemen Forbidden By Owner to Kill It.

That dog which, judging from the attacks which it has made on pedestrians which have traveled Market street, is undoubtedly possessed of rabies, will be either killed in the next few days or it is said damage suits will be instituted against the owner. The police at central station state that the brute belongs to Cyrus Green, who lives in the alley between Fourth and Fifth streets. Not more than two weeks ago the vicious animal made an attack upon little John Carter and last week it flew at Henry Williams, the collector of Chester.

An officer was instructed to kill the dog the next day after Carter was bitten, but the proper steps were not taken and last week after it again showed madness, officers were once more detailed to do the work. Officers Mahoney and Auderheide went to do as bid, but met with an abrupt refusal by the owner. The officers state that when they appeared at Green's home and informed him what they were there for that he said: "Oh! I have concluded not to let the dog be killed."

Both officers acknowledge fear of the dog and were not disposed to go in and attempt to use force upon the animal. Not only the officers, but the people in general are very much worked up over the case and there will undoubtedly be something doing if the animal is not dispatched. It is said that it positively is unlawful for a man to harbor a mad dog, even if he has it chained in a manner making it impossible for it to make an attack upon any one.

Squire McCarron stated last evening that unless the dog is immediately killed Mrs. Carter, mother of the young lad that was bitten, will institute a suit for damages. The squire is confident that the suit will be well based and, like many others, is unable to conceive why a man should persist in keeping such an animal.

## New Era in Chemistry.

An American Company Succeeds in Putting the Best Elements of the German "Traubenkur" or Grape Cure in Cheap Convenient Form For General Use.

Good News For Sufferers From Dyspepsia, Constipation, Liver Troubles or Nervous Exhaustion.

It is estimated that five million dollars were spent last year by Americans in visiting the world-famed Traubenkur or Grape Cure of Germany. Their startling cures of Stomach and Liver Troubles and General Exhaustion have stirred the medical world, and forced physicians to recommend it as a general safe in drug stores at only 50c a bottle. It means more to the sufferer from these diseases than any departure in medicine of the age. You can be convinced at once, because the first dose benefits.

## MULL'S GRAPE TONIC

An invigorating re-builder, the basis of which is the Juice of the Grape, combined with herbs and fruits. It is nature's own tonic and builder. It combines all the best elements of the Traubenkur and is now placed on general sale in drug stores at only 50c a bottle. It means more to the sufferer from these diseases than any departure in medicine of the age. You can be convinced at once, because the first dose benefits.

MULL'S GRAPE TONIC CURED ME. HENRY CLARK, Denby, Ky., says: "The cause of my sickness was indigestion and constipation, with liver and kidney trouble so that I finally got into bad shape. Mull's Grape Tonic cured me. A change for the better always takes place right after the first dose."

We not only recommend Mull's Grape Tonic, but our faith in it is so unlimited that we will in all cases refund the money in full to all purchasers who are not benefited by its use. If used with a little chopped ice it will be found a delicious drink.

For sale at  
Hodson's Drug Store.

### PIN YOUR FAITH TO ENK'S TO PROLONG HUMAN LIFE

Albert Matthews, Ph. D., assistant professor of Physiological Chemistry in the University of Chicago, in summarizing the practical results of the discoveries of Prof. Jacques Loeb and himself, says: "There is apparently no inherent reason why a man should die, except our ignorance of the conditions governing the reaction going on in his protoplasm."  
When Dr. Joseph Enk, nine years ago, reached this conclusion as the result of scientific pathological experiments, he did not desire to run the risk of being considered a mad man or a fool, and kept his opinion to himself. But in preparing the Enk Preparations for the cure of disease, the startling facts which he had uncovered were incorporated in the theory upon which the remedies are based.  
The possibility of prolonging the life of the cells has become a certainty, and the substances which will accomplish this best are known to Dr. Enk; also, the secret of presenting them in a form acceptable to the human body, which is most important. The people who use Enk Preparations for their ailments have no need for other medicines, and even now we can insure longevity and good health.  
Research into the problem of life is going on steadily in the Enk laboratory and is rapidly dissolving the clouds which cover this most momentous question.  
For information about the Enk Preparations, write for our booklets or obtain them of your druggist.

### BEST PAYING ROAD

River Division of the Pennsylvania the Best Branch of the Whole System.

That the Cleveland & Pittsburgh railroad, especially the river division, is the best paying branch of the extensive Pennsylvania systems, is evidenced by the fact that in the last report of General Manager Starr to the directors of the company the statement was made that the receipts were more extensive from this branch, in proportion, than any other road in the system. There is an immense amount of traffic being handled on this road at present, and there is not a day but what all passenger trains running into Bellaire from the east are from 30 minutes to three hours late.

No other cause other than heavy freight traffic can be assigned to the delays of the passenger trains on this division of the Pennsylvania system. Extending through a territory that is thickly settled with manufacturing properties, all of which are working to their capacity, nothing else is to be expected. This road receives all the freight made for shipment along the river from a point east of Steubenville and extending as far east as Rochester. It is the only road in those parts and of course freight traffic must be heavy from this cause.

### COUNTY AND NEIGHBORHOOD

Quite a number of striking miners from Pennsylvania are reported at work at Washingtonville.

To my surprise it removed all pain and soreness and the injured parts were soon healed." For sale by Alvin H. Bulger.

### Women and Jewels.

Jewels, candy, flowers, men—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous effort to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Roschke's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Charles F. Craig's. Get Green's special almanac.

At last there is good news in relation to the miners' strike. The energetic and diligent efforts of the president, his cabinet and other advisers, to bring about an arbitration of existing differences between operators and men, have borne fruit, and a commission of five is to be chosen to arrange the terms of settlement. While the negotiations are pending the strikers are to return to work. If, as now seems possible, the proposition reluctantly refused from the operators, results in putting an early end to the costly and calamitous struggle, the whole country, along with the mining interests of Pennsylvania, will have abundant cause for rejoicing. Had not the tide of prosperity been unusually high in the country generally the effect of the strike would have been paralyzing to business. As it is, a situation which might have been avoided by a disposition on the part of the mine owners to be fair with their men and to have some regard for the interests of the public, has long since become intolerable and must end sooner or later. If it shall end amicably, in an agreement by which, as suggested, the mining scale will not be disturbed for the next three years, the country will owe a debt of gratitude to President Roosevelt for his conservative, patriotic and fair minded efforts to promote such a happy outcome. While it is doubtful if the present proposition brings about a complete understanding, it is an encouraging indication and therefore a matter for public congratulation.

Candidate James Kennedy, of Youngstown, makes new friends wherever he goes, meanwhile retaining an army of old ones. Even the Democratic organs of the district are compelled to admit that he will be the next congressman from the old Eighteenth, and strangely enough they have not a word of fault to find with him. Mr. Kennedy will make a congressman who will be a credit to his district and to his state. He should be given a majority that will announce to the country with convincing eloquence that this section of Ohio has no use for single-taxers or free traders and declines to trust the adherents of those theories to make laws for the nation.

The government is about to wage war on the hyacinths in the St. John's river and tributaries in Florida. For years this pest has been increasing in the river, at times completely closing up navigation on the upper St. John's. The hyacinths would pack so closely that the most powerful steamer could

not force its way through the plants and at times in the upper part of the river the plants would be packed so closely that people could cross the river on the plants. Scores of creeks are now closed to navigation on account of the hyacinths, causing much loss to loggers and millmen. The flowers are pretty but the logs are useful, and so the hyacinths are to be killed by spraying them with poison.

The old fashioned college course is good enough for Chancellor Day, of the University of Syracuse. In a recent interview he said: "There is no hurry for young men to get into what is called 'life work.' The first work of a college is to make brains. We must take time to do it. Years are not the most important things. Power is worth more than years. We want less technical and professional nobodies and a good, broad educational basis."

Boston has a "professional fitting school for women." The college starts off with 125 students. The department of household economics has registered 52. For secretarial work 42 have registered and 22 for library work, the rest for special lines. There is a field for education along all these lines, and it will be surprising if the new institution does not prosper.

The argument that most affected the coal operators was doubtless the steady stream of cash their coffers were missing.

The coal barons are coming to their senses.

## OBITUARY

### Mrs. Ella Kagly.

Mrs. Ella Kagly, aged 84 years, one of the oldest and best known residents of Alliance, died at the home of her daughter-in-law, Mrs. Frank Johnson in Alliance yesterday. She was born in Beaver county, Pa., and for a number of years was a resident of Lisbon. She was well known in this part of Columbiana county, and had a number of relatives in this vicinity. The funeral services will be held Thursday afternoon from the late home on Arch street, Alliance.

### Mrs. Robert Walters.

Mrs. Robert Walters, aged 46 years, died at her home in Lisbon yesterday after a long illness. She was a resident of East Liverpool until last year. Her husband was engaged in the livery business on Third street. Mrs. Walters had been an invalid for a number of years. The funeral services will be held this afternoon and a number of persons from this city will be in attendance.

### John J. Lindesmith.

Lisbon, October 14.—(Special.)—Relatives have been notified of the death of John J. Lindesmith, at Pomona, Cal., October 3. Mr. Lindesmith was 45 years old and a son of the late D. H. Lindesmith, of Dunkannon. He had lived in California 15 years.

### Ray Putnam.

Ray Putnam, the young son of Archie Putnam, of the East End, died this morning at 5 o'clock of scarlet fever.

## VETERANS' REUNION

A Large Gathering of the Survivors of the Third Infantry Meeting Today.

The members of the Third Ohio Voluntary Infantry residing in all parts of the state gathered at the Wellsville reunion. About 100 members came in from other cities and assembled at the G. A. R. hall on Main street.

A banquet was enjoyed at 1:30 at the home of G. B. Aten, on Front street, who is a member of the company. A meeting was held in the afternoon and another will be held this evening at the hall. The reunion is an annual occasion, but has not been observed here about for a number of years.

## CLERKS' UNION MEETING

Probability That Terms With Merchants Will Soon Be Arranged.

Retail clerks' union No. 133 will hold its regular meeting this evening, and it is expected that something definite will be decided upon with reference to the agreement between that organization and the merchants of the city.

It is not thought that the disagreement between the two forces will be long continued, as both sides have declared their willingness to confer. When they get together, which will probably be some time during the present week, settlement is probable.

pretty one about his opponent's head and once more Stelzer went sprawling to the floor. He recovered in time to save being counted out, and realizing that it was then or never for him to make a show Stelzer bounded into the fight like a tiger. Lutz was the more composed of the two, and got the decision on that point. Stelzer paid little heed to where he was directing blows and upon landing three in the pit of Lutz's stomach was declared the loser of the fight by Referee Jack Howarth.

The fight took place in the Nonpareil Athletic club rooms and was witnessed by an immense crowd. Betting was not indulged in to any extent. The locals who were present are confident that Lutz will knock Stelzer out if given another chance.

## FRIENDS AND VISITORS

Mrs. Hannah Wyllie was a Pittsburg visitor yesterday.

Mrs. Fred Koerber went to Pittsburg last evening for a short visit with friends.

Thomas J. Duffy will open his campaign for congress at a meeting to be held in Sebring tomorrow evening.

Tipton Queen, a veterinary surgeon of Salineville, was at the East End race track yesterday afternoon on business.

W. L. Taylor returned home from Atlantic City yesterday, having been called there on business. Mrs. Taylor and the children will remain some time longer.

Mrs. J. W. Speare, nee Miss Anna Ryan, of Wellsville, was a guest at the home of her uncle, J. W. Geon over Sunday. She left today for Pittsburg, where she is making her home.

## AT THE THEATER

A large house greeted the company playing "When We Were Twenty-One" at the Grand last evening. Some delay was occasioned by the non-arrival of Mr. Allen, the leading actor, until 9 p. m. He had been delayed en route having spent Sunday with his mother who is ill at Columbus. Mr. Allen is a most capable actor and is supported by a strong company. The play is a wholesome and entertaining and was admirably staged and excellently presented.

"York State Folks" is a pure and wholesome play and one that will appeal to theatre-goers and non-theatre-goers alike. It is so clean and restful that those who see it once, want to see it again; it is a play that grows on one the more one sees it, the more and more they will like it.

"York State Folks" with its original cast and stage accessories will be presented at the Grand tonight.

"A pleasing performance by a competent company of the best written comedies seen this season, was the 'Missouri Girl' at the Third avenue theatre last night."—New York Daily Telegram. The play will be presented at the Grand Wednesday evening by the same cast, the scenery and stage settings being even better than the New York production.

Augustus Thomas' excellent play, "Arizona" returns to East Liverpool with a proud record of having played longer in New York city during the past year than any other dramatic production. "Arizona" is one of the brightest, most interesting and most wholesome plays ever written by an American author. Its return engagement at the Grand opera house is Friday night, October 17.

## 'TIS TRUE

The Proof Lies in East Liverpool Testimony.

It is not hard to prove the claims made for Doan's Kidney Pills. Scores of people in East Liverpool testify to their merit. Surely the evidence from friends and neighbors, plain statements of their experience, is better proof than the testimony of people residing in some far-away place. Read the following:

Mr. William Torrence, fireman at engine house No. 1 says: "For some time I was annoyed with symptoms of either weakened or over-excited kidneys. I had noticed more than one recommendation made by people living in East Liverpool about Doan's Kidney Pills, and thinking that if the medicine performed half what it promised it might help me, I bought a box at Larkins' Drug Store. The treatment cured me."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

## BUSY SESSION HELD BY CRIMINAL COURT

(Continued from First Page.)

man Schaubert and Lewis Pahner, of Salineville.

Troublesome Philip Eckhart, of Salem, now in jail for assault and battery, was the cause of nine Salem saloonists and bartenders being stranded in the drag net for selling liquor to habitual drunkards.

Each of the nine pleaded guilty to each of two counts for selling to an habitual. The fines were \$20 and costs on each of the two counts.

Those fined are Charles Holton, William Schimmerhorn, Onie Rutter, Joseph Shiver, George Shiner, Frank Moss, Howey Howalt, Henry Bergmann and Morris Waggle. It is said that thirteen in all were indicted because of Eckhart.

Samuel Brubaker, of Wellsville, pleaded guilty to having a slot machine and schemes of chance in his establishment. He was fined \$50, with the 10 day's jail feature, which is part of the penalty, suspended during good behavior.

James Degnan, of Leetonia, pleaded guilty to having sold liquor to two Columbiana minors. He was fined \$30 and costs on each of the three counts.

William Gallagher, of Salineville, was fined \$50 and costs on each of three slot machine counts, with jail sentence suspended.

James Gallagher, also of Salineville, drew a like penalty on the same charge.

William H. Thompson and Charles Parker, of East Liverpool, waived an arraignment on slot machine charges, and gave bond for \$200 each.

I. N. Grable and John Short, of East Liverpool waived arraignment on liquor charges, and were put under \$200 each.

Pat Fitzpatrick, of Wellsville, waived arraignment for selling to minors, and was put under \$200 bond.

George Tobin, of Salineville, was fined \$50 and costs for keeping slot machines. The 10 day sentence was suspended.

John Schlep and Ezra Hoffmeister, of East Palestine, each gave bond of \$200 for his appearance to answer for violation of the Beal local option law.

"Toughy" Walters, of East Liverpool, charged with selling to a habitual drunkard gave bond for \$200.

Solomon Erbsheim, of East Liverpool, was fined \$25 and costs on one count for selling to an habitual drunkard, and two counts were nolleed.

William Hopkins, of East Liverpool, gave bond for \$200 for his appearance to answer for selling to an habitual.

Frank Rigot, of East Liverpool, gave bond for \$200 for his appearance for selling to minors.

Robert Solaker, of East Liverpool, waived arraignment for 17 liquor and slot machine indictments, and gave bond for \$300.

Thomas Whalen, of Salineville, who did not remove his slot machine when notified, was fined \$50 and costs on each of two counts with jail sentence suspended.

James Madden, of Wellsville, waived arraignment on twenty-three indictments for selling to minors and habituals and was put under bond of \$100.

Robert Spencer and William Humble of East Liverpool, were each put under bond for \$200 for selling to minors.

Louis Pahner, of Salineville, and James Nelson, of Wellsville, gave \$200 each as bond for selling to habituals.

William Ryan, of Columbiana, gave bond of \$200 to answer for Beal law violations.

Robert Maxwell, of East Liverpool, pleaded guilty to one charge of selling to minors and five for selling to habituals. On the first charge he drew \$25 and costs and 10 days in jail and on the other five \$20 and costs in each case.

When this list of law breakers were disposed of five jail prisoners were ushered into the court room, Philip Eckhart, of Salem, pleaded not guilty to a charge of assault and battery.

James Rauch, of St. Clair township, pleaded not guilty to a charge of non-support of his three minor children.

William Roberts, of Salem, pleaded not guilty to the theft of a horse, buggy and harness.

Mary Starke, of East Liverpool, pleaded not guilty to a charge of burglary.

John Flickinger, of Columbiana, pleaded guilty to furnishing liquor to a minor. He was fined \$25 and costs, and stands committed.

The other cases will probably all be heard next week.

## AS TO SLOT MACHINES

Prosecutor Shields, of Columbus, Says Operators Cannot Be Prosecuted.

The crusade against the operation of slot machines of Columbus has been interrupted temporarily by a communication made to Acting Police Chief Kelly by Prosecutor Shields, in which the latter says the operators of such machines cannot be prosecuted under the laws of Ohio. The opinion rendered by the prosecutor is based on a decision made by Police Judge Lueders, of Cincinnati. The letter follows:

"Replying to your request for an opinion as to the legality of the card penny-in-the-slot machine, I desire to say that after a careful examination of the question I have reached the conclusion that while there may be an element of gambling in their operation, yet the owners thereof could not be successfully prosecuted, and in my opinion they cannot be prohibited.

"I base my opinion on the decision of Police Judge Lueders, of Cincinnati, which was rendered on January 21, 1902. In passing on the case Judge Lueders said: 'They are used

in the same capacity by these defendants that large mercantile establishments use traveling salesmen.

"The machines are silent salesmen, by which owners sell more merchandise than they otherwise would, so the machines indirectly benefit hundreds who are given employment in the manufacturing of cigars, etc. Slot machines which are fair, having the card combinations which afford the players all of the possible opportunities for winning shall not be prosecuted."

### RELAYING THE RAILS

Manager Healy Takes Action in Obedience to Orders of Council.

Manager L. W. Healy, of the East Liverpool railway, has taken action toward laying the rails in the center of the street on Liverpool street, a matter which he was given 15 days in which to attend to at a meeting of council held on the 3d of this month.

The laying of this stretch of track on the street mentioned with girder rails, which are especially constructed to pave to, has held up Contractor Freshwater, who has the contract for paving the street and he cannot therefore be held responsible for not proceeding with the work.

Councilman Henderson has been endeavoring at every council meeting for the past two months to get this paving work started and his efforts are now beginning to tell. The rails which are being carried to Liverpool street by the street railway company are the balance left on Clark avenue which will not be needed there for probably a month or so.

The new rails which Mr. Healy has ordered from the Lorain Steel company, of most of which will be required to finish the track on Liverpool street, will not arrive before the 17th or 18th of the month. The work of paving Liverpool street will probably be started in two or three days, or as soon as enough rails have been laid to warrant commencing.

### NO NEW CASES

And the Two Smallpox Patients Are Reported Recovering Very Rapidly.

There are now only two houses in the city which are under quarantine for smallpox, the Gamble and Bright residences, where a patient in each house has had an attack of the disease. All of those who were exposed to the Gamble case and quarantined were freed last Friday, while those who were exposed to the other case, among whom are Mayor Fogo and family, were allowed out yesterday for the first time, the 17 days of quarantine required by the state board of health having expired.

Both of the patients are now getting along nicely, and it is thought that they will soon be able to be about again. No new cases have been reported, and it is believed that nothing more will be heard of the disease in this city.

### THROWN FROM WAGON

Congo Boy Badly Hurt in Runaway Accident at Wells-ville.

Charles Crease, who drives a garden truck wagon for his father, James Crease, of Congo, this morning was thrown from his wagon in the West End by a runaway horse and dragged for several feet.

When the boy was picked up it was found that his hip bone had become dislocated and he was seriously bruised upon the head. One leg was also badly cut. He was at once removed to Dr. Robinson's office and later taken to his home in Congo.

### Piano Club Formed.

The piano pupils of Mrs. McCareh have organized a piano club and will hold private recitals each month, the first to be held at the home of Henry Kampman, on Liverpool street, on the 27th inst. Miss Helen Bailey, of Broadway, will be the vocal soloist. This club is to be run on the same order as the Tuesday Musical club, of Pittsburg. It will hold its first public recital some time in November.

### No Quorum Present.

For a second time within the last month the board of education failed to get together Monday evening, there being no quorum. Only White, McKenzie and Henderson were present. There will now be no meeting until the 27th inst. All of the bills which have been coming in since the last meeting will have to be held over until then and the matter of tuition cannot be disposed of.

### Funeral of Mrs. Clark.

The funeral of Mrs. Rev. Charles E. Clark was held at 2 o'clock this afternoon from the First Methodist Episcopal church, which was crowded to

### Brass Thieves Fined.

Frank Buckeno, an Italian employed at the roundhouse of the C. & P. rail road, who was arrested yesterday morning by Detective Moore in company with his brother, Joe Buckeno, charged with stealing brass and other material from the railroad, was fined \$14.85. His brother was fined \$10 and costs.

### Kennedy Will Speak.

All arrangements have been made for the "On to Cairo" meeting to be held at city hall tonight. Attorney James Kennedy, of Youngstown, Republican candidate for congress from this district, will address the meeting, and the event is looked forward to with pleasant anticipation.

### LEACHERS' READING CIRCLE

Organized at Holliday's Cove for Teachers of Butler And Cross Creek Districts.

A teachers' reading circle has been organized at Holliday's Cove for the teachers of Butler and Cross Creek districts. The West Virginia teachers' reading course has been adopted and 25 of the required books purchased. J. M. Miller, principal of the Holliday's Cove high school, formerly of Chester, is chairman of the circle. The next meeting will be held at 2:30 o'clock Saturday, October 18, in the Holliday's Cove school building, after which meetings will be held regularly every two weeks throughout the school year.

The first two chapters of White's "Art of Teaching" and the first 100 pages of Spark's "Expansion of the American People" will be discussed at the next meeting. The teachers are all very enthusiastic over the organization of the circle, which promises to be very successful.

### AN UNCANNY RECORD

House Where the Baker Murder Occurred Is Being Moved to New Location.

The McWha house, where the Baker murder was perpetrated, is being moved across the school grounds to a three-cornered lot belonging to Mr. Lee. "Squire Lee, who has purchased the property, will erect a fine residence on the site of the old house.

The building is being moved has a rather uncanny record. The six families who have occupied it since the murder was committed have all suffered some dire misfortune. It is now impossible to find a tenant for it, though houses for rent are very scarce in Holliday's Cove.

### NEARLY DROWNED

Frank Hart Had Narrow Escape While After Logs in the River.

While drifting for logs yesterday afternoon Frank Hart, of Chester, came near being drowned. While he was making fast to a square timber, in some way it turned over with him and he was plunged head first into the river.

Aid was at hand, however, and he was shortly pulled out. He appeared none the worse from his cold bath this morning.

### Flag Presentation.

The Jr. O. U. A. M., of New Cumberland, will present the Holliday's Cove school a large flag and bible Saturday, October 18. An excellent program is being prepared and every one connected with the Cove schools is much pleased with the interest taken in them by the Juniors. The Chester lodge will probably attend the presentation ceremonies, as it is deeply interested in the public schools, having presented the Chester schools a flag and bible last year.

### Locating a Wild Cat Well.

Murray & Miller, prominent oil men who opened the rich Carson field near Fairview, are having a rig put up preparatory to drilling on the farm of William Cable, about three miles from Holliday's Cove. That section has never been tested for oil, but men who have been successful in locating oil fields say that Murray & Miller could not have selected better territory for wild catting.

### HE HAS HAD ENOUGH

Justice McCarron Will Hear No More of the McConnell-Waters Feud.

Mrs. Jennie Waters, bound over from "Squire McConnell's" court last week in the sum of \$300 on a charge of libel preferred against her by a neighbor, Mrs. McConnell, the particulars of which were given exclusively in the News Review, is making an attempt to have Mrs. McConnell bound over on a similar charge. Yesterday Mr. Waters, husband of the accused woman, appeared before Squire McConnell and stated that his wife was very anxious to prosecute Mrs. McConnell, and that he would give an order on his wages to secure the costs.

The "squire would not stand for any such doings and advised the man to seek justice elsewhere. Mrs. Waters alleges that Mrs. McConnell openly accused her of being drunk in a house on Broadway.

HI HENRY CURED

The great minstrel king, in a letter dated Buffalo, Aug. 15, 1902, to the manufacturers of "Blood Wine," says: "I have been asked so many times lately the cause of my good health and general improved condition, that I feel like telling you that it has been brought about by the use of your 'Blood Wine,' which I consider a most remarkable remedy. "The remedy is one of sterling virtue, and without doubt of that nature, it being what one expects to find in medicine, it being what might be termed a very pleasant beverage, while its moderate cost places it within the reach of all. "I feel quite certain that a trial will convince the user of its wonderful powers in the recuperation of wasted energy, the awakening of dormant functions and its general building up where a vital tonic is needed. Though not much given to the use of remedies I can most cordially recommend your 'Blood Wine' as being of great value." "Blood Wine" costs fifty cents.

M. E. Local Preachers Urged to Cut Loose From In-fluence That

ENCOURAGE LICENSE SYSTEM.

Resolution Adopted at Meeting of the National Association, in Philadel-phia—Taylor University Trustees Authorized to Elect a President.

Philadelphia, Oct. 14.—The intro-duction of a resolution by the com-mittee on temperance urging the members of the National Association of Local Preachers of the Methodist Church "to separate themselves from all organizations and influences that aid or encourage the license system," provoked a prolonged discussion at yesterday's session of the forty-eighth annual meeting of the association, now being held here.

Several delegates offered the reso-lution on the ground that it was an attempt to influence the convention in favor of the prohibition party, to the detriment of the Republican party. The suggestion of politics was repudiated by the supporters of the resolution, and it was adopted.

A resolution was adopted author-izing the board of trustees of the Tay-lor university, at Upland, Ind., to elect a president and chancellor at the end of the present college term, the office of president being vacant through the death of Rev. T. C. Reade, D. D.

M. E. PREACHERS ASSIGNED.

Bishop Fitzgerald Announced Sta-tions of Preachers to Pitts-burg Conference.

Pittsburg, Oct. 14.—The appoint-ments of the ministers of the Pitts-burg conference of the Methodist Episcopal church for the ensuing year were announced by Bishop J. N. Fitz-gerald about noon yesterday, in part, as follows:

Allegheny District.—G. W. Terhosh, pres-iding elder, Arch street, W. W. Hall; Perryville avenue, W. F. Connor; Unio, D. L. Johnston; Aspinwall, H. L. Chap-man; Bellevue, S. H. Hodges; Elwood city, J. A. Young; Hoboken, R. B. Carroll; New Brighton, First church, A. J. Asher; Springdale, H. C. Beacom; Easton, Ralph Bell. Erie District.—Presiding elder, S. T. Mitchell; Edgerton, G. A. Williams; Ford City, S. E. Winchener; Greens-burg, E. J. Knox; Johnstown, Frank-lin street, J. H. Weisling; Johnstown cir-cuit, J. F. Dipner; Kittanning, S. E. Rodney; Mahoning, L. S. Peterson; New-berry, G. M. Allison; New Kensington, G. J. Watson; New Kensington, M. J. Shippy. Pittsburgh District.—Presiding elder, T. N. Boyle; Oakland, Solomon Keckler; Butler street, Sylvester Lowther; Christ church, E. A. Blake; Herron Hill, to be supplied; Homewood avenue, J. T. Pen-der; Mt. Washington, L. F. Wilkinson; Walton, J. R. Wolf; West End, David Flanagan; South avenue, Wilkesburg, T. N. Eaton. McKeesport District.—Presiding elder, J. F. Murray; Addison, Thomas Charles-worth; First church, Braddock, W. P. Turner; First church, Brownsville, W. Medley; Conneville, M. A. Rigg; Daw-son, J. D. Brison; East McKeesport, A. E. Elliott; First church, McKeesport, J. W. Miles; Mt. Lebanon, M. W. Hildebrand; Swissvale, H. H. Westwood. Washington District.—Presiding elder, James Mechem; Allenport, to be supplied; California, M. D. Lichliter; Carmichaels, S. Wellington; Charleroi, J. C. Burn-works; Chester, E. C. Lindsay; Franklin, J. S. Thompson; Jefferson, J. R. Rly; McDonald, H. M. Carnahan; Monon-gahela, D. S. Ross; Venetia, D. L. Head-ler.

All the other members not named in the above list were sent back to their charges.

A sad shadow was cast over the as-semblage by the death of a retiring pres-iding elder, the Rev. Dr. James A. Bal-lantyne. Many addresses were made and resolutions of sorrow were adopted, to be published and sent to the family.

The Rev. P. H. Callahan reported for the Bible society. He lamented the in-difference on the part of the churches and earnestly pleaded for larger contri-butions. Only 1 cent per member was given, making the total gifts of the whole conference only \$100. The report in-gnified the work among the foreigners and asked for more energetic work around Pittsburg.

The Rev. Dr. William A. Montgomery, president of Allegheny college, made the address on behalf of his college and said that it has now in attendance more stu-dents than ever before in all its history.

Prof. Frank C. Laughlin, of the same college, made an additional address, high-ly complimenting the work of President Montgomery. President J. W. Riker, of Mount Union college, told of the great prosperity of that institution.

The Rev. Dr. Frank Lynch, of Philadel-phia, secretary of the Church Extension society, made another appeal in the in-terest of his work, and wanted enough money to build 1,000 new churches at once. It was reported that the treasury of the Twentieth Century Fund Commis-sion has on hand about \$2,000.

Conference adjourned at 1:30, to meet next year at the Emory church, East End.

Almost Killed by Strikers.

Seranton, Pa., Oct. 14.—Orlando Schooley, who was taking a crowd of newly recruited men to work at the Edgerton colliery in Jermya yester-day afternoon, was set upon by a mob of 100 and beaten badly with clubs and it is feared he will not live. When taken to the Emergency hos-pital at Carbondale it was found that his back was broken. The crowd of recruits who were with Schooley were allowed to go unmolested upon their agreeing to take a train out of town. They told that they came from Noxen, Wyoming county, and that they were to be given jobs as fire men at \$2 per day. A company from the Thirtieth regiment camp at Olyphant arrived at the scene of the assault in a special train after the mob had dispersed.

### THE SHOOTING UNJUSTIFIABLE.

Coroner's Jury Decides Regarding Killing by a Militiaman.

Shenandoah, Pa., Oct. 14.—The coroner's jury in the case of William Durham, who was shot and killed on Wednesday night last by Private Wadsworth, of the Eighteenth regiment, national guard, yesterday returned the following verdict: "We find that William Durham came to his death on Oct. 8, 1932, at Shenandoah, by a gunshot wound, inflicted by Arthur Wadsworth, of Company A, Eighteenth regiment, N. G. P., and from the evidence before us and an examination of the premises on West Coal street, we believe the shooting was hasty and unjustifiable, and we recommend that the matter be placed in the hands of the district attorney for investigation."

### Do It Now.

There is no time like the present to begin taking Wright's Cherry Tea. If you have no appetite and you do not relish the food you eat, its tonic influence will stimulate the nerves of the stomach and create a normal flow of gastric juice, thus sharpening your appetite better than anything you can take. It will also act upon the blood and liver, vitalizing and purifying it of all waste matter. It is a combination of the curative properties of the cherry plant and many other roots and herbs of a high medicinal character. At the same time, it is a laxative, and it is unequalled in building up a run down condition of the system. ## OPERATORS PROPOSE ARBITRATION.

Morgan Submitted Draft of Statement to Public to President Roosevelt.

CONFERENCE HELD AT WHITE HOUSE LAST NIGHT

The Great Financier's Partner, Bacon, and Secretary Root Also Were Present.

MITCHELL REFUSED TO TALK REGARDING THE PROPOSITION.

He Was Shown a Synopsis of Statement, but Declined to Make Any Comment and Immediately Retired. Refused to Get Up, When Full Copy Was Taken to Strike Headquarters. The Statement Abuses the Miners' Organization—Proposed Constitution of the Suggested Arbitration Committee.

Wilkesbarre, Oct. 14.—President Mitchell, when shown a synopsis of the statement issued from the White House early this morning, in which the operators agree to arbitration, he refused to make any comment and immediately retired.

A few moments later a full copy of the statement was brought to strike headquarters, but he refused to get up to see it. The correspondents talked to him through the transom of his bedroom and in answer to further questions he said he knew about what the statement contained.

Statement First Shown Roosevelt.

Washington, Oct. 14.—By authority of Mr. J. Pierpont Morgan, who, with his partner, Robert Bacon, and Secretary Root, were in conference with President Roosevelt at the temporary White House last night for an hour and a half, a statement was given out by Secretary Cortelyou, in which the presidents of the coal carrying railroads and nine operators propose a commission of five persons to adjust the differences and settle the coal strike in the anthracite coal fields of Pennsylvania. The proposition is believed by the administration to be satisfactory to the miners, as it covers the proposition made by President Mitchell, of the United Mine Workers' union, with additional conditions which it is believed the miners will accept.

The statement is as follows:

Text of the Statement.

Mr. J. Pierpont Morgan came to Washington with his partner, Mr. Bacon, at the request of the coal companies, who desired that as a matter of courtesy their statement should be shown to the president before it was made public. Having been laid before the president, by Mr. Morgan, it is now given to the press:

TO THE PUBLIC:

The managers of the different coal properties comprising the anthracite coal fields wish their position in the present strike to be understood, and, therefore, make the following statement of facts:

There are in the anthracite regions about 75 operating companies and firms, and 147,000 miners and workmen (of which 30,000 are under age), comprising some 20 nationalities and dialects.

Of these workmen, possibly one-half belong to the United Mine Workers' union, of which Mr. John Mitchell is president. That organization was originally formed in the bituminous coal region, and three-fourths of its members are miners of bituminous coal, and bituminous coal is sold in active competition with anthracite coal. The remaining workmen in the anthracite fields either belong to no union whatever or do not belong to the mine workers' union.

Many Working; Others Afraid.

The present strike was declared by the mine workers' union on the 10th day of May, 1932. Since that time many workmen not belonging to or not willing to follow that organization were working in and about the mines. From 17,000 to 20,000 are now at work. Many more have wished to work, but have been prevented by a course of violence and intimidation towards those working, and towards their families, accompanied by the destruction of properties and the fear of death or bodily harm to every man who wishes to exercise his right to work.

A schedule is annexed hereto showing some of the things done to create this reign of terror, and every instance stated can be verified by reference to the officers of the law—civil and military—in the anthracite region. This violence has continued and steadily increased, notwithstanding repeated disavowals by Mr. Mitchell, and it is clear that he either cannot or will not prevent it, and that the rights of the other workmen cannot be protected under the su-

## Nobility Recommends Nervine.

The above portrait is that of Countess Mogelstud, of Chicago, Ill., whose gratitude for the benefit received from the use of Dr. Miles' Nervine prompted her to make this statement:

"It affords me great pleasure to add my testimony to the very excellent merits of Dr. Miles' Nervine. Although I am past 80 years of age I find it soothes the tired brain, quiets the irritated nerves and insures restful sleep. I never feel contented without a bottle of it in the house." Gratefully yours, CHRISTIANA MARIA, Countess Mogelstud.

premarcy of the mine workers' union.

The coal companies believe that the wages paid in the coal regions are fair and full, and that the business in its normal condition has been able to stand if the capital invested is to have any reasonable return. The profits have been small, several of the companies have become bankrupt and been reorganized several times. Several have never paid dividends and the dividends of the others have been a small return for the capital invested. It is not, however, the purpose of this statement to discuss this question. The undersigned are not, and never have been, unwilling to submit all questions between them and their workmen to any fair tribunal for decision. They are not willing to enter into arbitration with the mine workers' union, an organization chiefly composed of men in a rival and competitive interest, and they are not willing to make any arrangement which will not secure to the men now working, and all now or hereafter wishing to work, whether they belong to the mine workers' union or not, the right and opportunity to work in safety and without personal insult or bodily harm to themselves or their families. For these reasons the arbitrations heretofore proposed have been declined.

Offer Previously Made.

It will be remembered that at the conference in Washington October 3, we made the following offer: That we would take up at each colliery any alleged grievance, and in the event of a failure to make satisfactory adjustment the questions at issue to be submitted to the final decision of the judges of the court of common pleas of the district in which the colliery is located. This offer was made by us in good faith and we desire here to reaffirm it.

The coal companies realize that the urgent public need of coal, and the apprehension of an inadequate supply for the approaching winter, calls for an earnest effort to reach a practical conclusion which will result in an increased supply, and the presidents of the companies desire to make every effort to that end which doesn't involve the abandonment of the interests committed to the men who are working and seeking to work in their mines. This responsibility they must bear and meet as best they can.

They therefore re-state their position: That they are not discriminating against the United Mine Workers, but they insist that the miners' union shall not discriminate against or refuse to work with non-union men; that there shall be no restriction or deterioration in quantity or quality of work, and that owing to the varying physical condition of the anthracite mines each colliery is a problem by itself.

We suggest a commission to be appointed by the president of the United States (if he is willing to perform that public service), to whom shall be referred all questions between the respective companies and their own employees, whether they belong to a union or not, and the decision of that commission shall be accepted by us.

The commission to be constituted as follows:

Proposed Composition of Commission.

1. An officer in the engineer corps of either the military or naval service of the United States.  
 2. An expert mining engineer, experienced in the mining of coal and other minerals, and not in any way connected with coal mining properties, either anthracite or bituminous.  
 3. One of the judges of the United States courts of the Eastern district of Pennsylvania.  
 4. A man of prominence, eminent as a sociologist.  
 5. A man, who by active participation in mining and selling coal, is familiar with the physical and commercial features of the business.

Miners to Return to Work.

It being the understanding that im-

mediately upon the constitution of such commission, in order that idleness and non-production may cease instantly, the miners will return to work and cease all interference with and persecution of any non-union men who are working or shall hereafter work. The findings of this commission shall fix the date when the same shall be effective, and shall govern the conditions of employment between the respective companies and their employees for a term of at least three years.

George F. Baer, President Philadelphia Iron Company, Lehigh and Wilkesbarre Coal Company, Temple Iron Company.

T. B. Thomas, chairman Pennsylvania Coal Company; Hillside Coal and Iron Company.

W. H. Truesdale, president Delaware, Lackawanna and Western Railroad Company.

T. P. Fowler, president Scranton Coal Company; Elk Hill Coal and Iron Company.

R. M. Olyphant, president Delaware and Hudson Company.

Alfred Walters, president Lehigh Valley Coal Company.

A note appended to the statement read: "The schedule referred to in this statement was not brought from New York as it had not been completed."

## MANY BIG MINES ARE BEING OPENED IN VICINITY OF DILLONVALE.

Wheeling, Lake Erie & Alliance Railroad Hauling Coal From Mines Near That Town.

The coal development in eastern Ohio inside of a year or two bids fair to make it a rival of the famous Hocking and Jackson districts of the state. For proof of this statement one need only go over the country from Portland Station to Adena, the thriving town out the Wheeling & Lake Erie railroad about thirty miles. Six big corporations are starting mines at as many different points between the river front and Adena and more are contemplated.

The Portland Coal company has a new mine just ready to open at Connersville, the United States Coal company is about ready to start their mines located on Dry Fork, the Jefferson company will be ready to ship coal in a few days from their new mines on Piney Fork, the Upstill company will be loading coal from a temporary tippie at their new mine near Mt. Pleasant Station, the Roby Coal company has a mine about ready to start near the Long Run tunnel, and the O'Neal Coal company is opening a mine west of the Long Run tunnel.

The Upstill company was formerly known as the Lone Tree Coal company and one of the prime movers in this city. They have a valuable coal field and will develop extensively. The Roby company owns quite a tract west of Long Run and are ready to do a lot of work. The O'Neal company, it is said, will make two openings.

It is the United States Coal company, however, that proposes to develop on a colossal scale. They have nearly twenty thousand acres of coal and have nine mines opened and almost ready for business. These mines are all located on Dry Fork. The Jefferson company will operate two mines and one of them is already doing business.

One reason for delay in getting the mines started to work is that the Lake Erie, Alliance & Wheeling railroad was not completed as soon as expected. They have had a schedule as far as Hopevale, 20 miles from Dillonvale, and have run freight cars on to the Jefferson mines, which are reached by a branch running up Piney Fork. That brings the railroad within four miles of Dillonvale and it will be in shape to run over the remainder of the road before many weeks have passed.

The Jefferson road started to get out coal just as soon as the railroad company was able to reach them with coal flats, and it will be the same story with the United States company in a few days. It will not be long till they are able to run over the entire route to Dillonvale. It is not known that they will run passenger trains to this end of the road as soon as the road bed is completed, but it is likely they will.

### ALARM IN SHANTYTOWN

Sudden Rise of the River Caused Uneasiness Among Tenants of House Boats.

Owing to the sudden rise of the river the shanty boat districts have been the scenes of some distress. The boats have been beached for several months and as is always the case a certain amount of the calk fell from between the boards on the bottom of the boats. When the water rose and surrounded the boats it was but a few minutes until many of them were half filled with water. Simon Haught, the owner of one of the boats, applied to Officer McDermott for aid and the officer immediately delegated several men to help the unfortunate river man out of distress.

A boat belonging to Mrs. Knapp was also partially submerged. By the use of pumps and diligent application of muscels the water was finally exhausted. It is said that Haught's wife and children were for a time in great danger.

But No Games of Chance Will Be Tolerated at the Fair or in Town.

Throughout yesterday and today fakirs and the usual class which accompany fairs arrived galore in the city. Mayor Davidson has given the police orders to watch with strictness all strange characters and arrest every person acting suspiciously. The mayor also warns the residents of the city against the intruders. Back doors and all apartments of exit should be locked securely during the nights of this week.

To relieve the minds of those who possibly think that Columbian park is going to be the scene of faking, the mayor states that not one game of

## EYES SPEAK

Volumes, at times, of woman's happiness or misery. The dull, sunken eye, with its dark circles almost surely speaks of womanly ill-health, and its attendant suffering. With the dull eye goes usually the sallow, sunken cheek, the drawn mouth, the shrunken form—the whole glory of woman's beauty marred by the effects of disease.

Dr. Pierce's Favorite Prescription cures the diseases which undermine the health and mar the beauty of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free, and so obtain the advice of a specialist upon their disease. All correspondence is strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your medicine," writes Mrs. Pierce Geise, of 822 West Philadelphia Street, York, Pa. "Will recommend Dr. Pierce's medicine to every person who may inquire as to what it has done for me. I was troubled with female weakness, and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was 85 pounds at present it is 115. Have healthy color and my friends say I look well. My best thanks to you and my best wishes, too, for what you have done for me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

### JOYOUS RECEPTION

TENDERED REV. DR. M. B. PRATT  
AND WIFE LAST EVENING.

Churches And Business Men of the  
City Unite in Welcoming New  
M. E. Pastor.

The reception and greeting which was given by the First M. E. church last evening to Rev. Dr. and Mrs. M. B. Pratt, will long be remembered by the minister and his wife, as well as their many friends, not as a mere welcome to their new work, but as an event abounding in cordial greetings and good will of the members of other churches of this city, as well as of the Methodist.

The large lecture room of the church had been previously decorated with vines, potted plants, chrysanthemums and other choice flowers. In the front of the room the stars and stripes were draped about the large word "Welcome," while decorations were carried out quite tastefully in the rear of the room as well.

The first of the evening was spent in handshaking and greetings, followed by the general assemblage singing "Blest Be the Tie That Binds."

E. L. Henderson, chairman of the evening, requested that Rev. B. H. Hodgson make the opening prayer. The program which had been arranged then followed.

C. L. Gray gave an introductory address, followed by Rev. Dr. Pratt in behalf of the church. Miss Agnes Jones then played a piano solo, "Autumn," by Charnade. Rev. Dr. J. C. Taggart made a fitting address in behalf of the ministerial association. "Greeting," by Rev. Dr. David Jones, of the M. P. church, was followed by a quartet which sang in a pleasing manner the well known lullaby, "Sleep Kentucky Babe." Following this C. R. Boyce made very fitting remarks on behalf of the business men of the city and welcomed Dr. Pratt to the church and the city.

Prof. R. E. Rayman was called upon to represent the public schools, and gave an excellent address which was highly appreciated.

Dr. Pratt responded, thanking the host of friends present for the cordial welcome extended to him.

The program completed the remainder of the evening was spent in social conversation, meanwhile the ladies of the church served light refreshments.

Word has been received in this city that Mrs. M. Anna Hall, of Wheeling has been elected president of the Ladies of the Grand Army of the Republic at Washington, D. C.

Mrs. Hall is the wife of Joseph Hall, the past grand master of the Masons of the state of West Virginia, and is the sister-in-law of Miss Mary Hall, the assistant librarian of the Carnegie public library of this city.

### BIRTHDAY SURPRISE

Friends Bring Gifts to William Swindell—Rev. Edwin Weary Also Remembered.

A very enjoyable surprise party was tendered William Swindell, on Pennsylvania avenue, last evening. Over 30 couples were present, made up of members of St. Stephen's Episcopal church and many of Mr. Swindell's fellow workmen at the Thompson pottery. The occasion was the celebration of Mr. Swindell's sixtieth birthday.

The aged gentleman was presented with an elegant upholstered chair by his children, who had prepared the surprise for their father. Rev. Edwin

Weary and wife were present at the reception and the reverend gentleman was made aware of the fact that it was also his birthday, both being presented with a smoking set. The evening was spent pleasantly. A fine luncheon was served. The company did not disperse until a late hour.

## HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Lusty Youngster—A bouncing boy was born to J. N. Vodrey and wife of Robinson street, this morning.

Four Special Officers—H. P. Stevenson, track manager of the fair, appeared before 'Squire Rose this morning and had four men of Steubenville, H. M. Keeley, Simon Merriman, John Dodds and Robert H. Cable, sworn in as special constables to act in that capacity at the fair grounds.

Boy's Nose Broken—The little son of Architect A. W. Scott, of Walnut street, met with a most painful accident yesterday. While playing with another boy he was pushed out of a tree and fell upon his face, breaking his nose. Dr. Ikert was called and did everything possible for the little fellow.

A Base Fabrication—"That paper must think that I am an easy mark," said 'Squire McCarron this morning speaking of a story published in a local paper, stating that a warrant had been preferred before him for the arrest of a trio of alleged thugs who committed an alleged daring deed in the West End last night. The 'squire continued: "It is a contemptible lie. It is an outrage for a paper to make a statement like that."

A Theater Party—The Hinky Dink club, composed of 20 couples, will attend the show at the Grand tonight in a body. They have made great preparations and anticipate a most enjoyable time. Upon entering the theater the orchestra will strike a march, and to the lively strains the club will file up to the center of the house, where they will be seated in chairs decorated with club colors. A. G. Minehart, president of the club, will chaperone the party.
